PLANE FROM U.S. LANDS AT HONOLULU

SEVERAL MEN DROWN WHEN SHIPS CRASH

Reported Deaths in Collision
Off Massachusetts Coast
May Have Totaled Twelve

Freighter Sunk; Dollar Liner
President Garfield Brings
Thirty Ashore

Vineyard Haven, Mass., June 1.—An undetermined number of the crew of the freighter Kershaw, variously estimated from seven to twelve, were drowned early this morning when their ship was rammed and sunk by the Boston-bound Dollar liner President Garfield. Thirty members of the Kershaw's crew, including Captain Brooks, were rescued.

The collision occurred a few miles off East Chop Island, off Martha's Vineyard, at 12.30 o'clock. The sky was clear and the sea smooth at the time.

FREIGHTER WENT DOWN

According to Captain G. H. Moir, spokesman here for the Dollar Company, the Garfield was proceeding at fourteen knots an hour when it struck the Kershaw on the latter's port side just forward of the bridge. The Kershaw rolled over and the vessels held together for a few minutes, then the freighter broke apart and went down in eighty feet of water.

The Garfield stood by for four hours to pick up survivors and was aided by a crew of United States coast-guardsmen from the Woods Hole station.

BLOU AT SPOT

After placing a buoy to mark the spot, the Garfield proceeded to Boston. It was expected to reach that port at 4 o'clock this afternoon.

The Garfield, a completing, a round-the-world trip, had 300 passengers aboard. The Kershaw had three passengers aboard—those saved included all the officers except an unnamed second assistant engineer.

A discrepancy in the number of missing appeared on the face of reports from the Boston office of the Dollar Line when it was announced that probably not more than seven or eight men were unaccounted for, while Captain Moir placed the probable casualties at twelve.

The Kershaw, a vessel of the Miners' Transportation Company, was a steel screw steamship of 2,741 tons and was built in 1897.

SAILOR JAILED

IN VANCOUVER

Steward of Danish Motorship
Sent to Penitentiary on
Opium Charge

Vancouver, June 1.—James Peterson, ex-chief steward aboard the Danish motorship Tacoma, at present on the high seas en route to Japan, today was sentenced here to the penitentiary for two years, and to pay a fine of \$500, in default of payment of which a further three months will be added to the sentence.

Arrested by officers of the Royal Canadian Mounted Police and the customs staff as he was leaving the Lapoint pier, Peterson was charged with a load of laundry in an automobile. Peter was found to have in his possession a club bag containing 108 tins of opium.

PIRATES ROB

U.S. SHIP ON
CHINA RIVER

Hongkong, June 1.—Chinese pirates again are becoming active. Advice from Canton says the steamer Socony, belonging to the Standard Transportation Company, was looted of 3,000 cases of kerosene in the Sunkat district. The Shilu militia took up the chase. The Standard Oil Company was reported to have lodged a protest with the Canton Government, through the United States consul.

The ships Soukwan and Tingkwang of the Asiatic Petroleum Company were fired on during a voyage between Wanshan and Canton on the Yangtze River. The armed guards on the vessels returned the fire and observed some casualties.

OTTAWA TO CEASE TAKING

FEE FROM B.C. CANNERIES

Vancouver, June 1.—The Federal Government probably will cease this year to impose annual license fees on British Columbia fish canneries totaling about \$75,000. This is the prevailing opinion at Ottawa as the result of the recent judgment of the Supreme Court of Canada, according to advice received by R. E. Lanning of the canned salmon section of the Canadian Manufacturers' Association.

ASKS SYMPATHY OF POWERS WITH NEW ORDER IN CHINA

Dr. C. C. Wu, one of the leaders of the new China, who is pictured above with his wife, is at present in the United States, where he is well known and where he is using his influence to attract to the forces of progress in his country, the sympathy of the Government, a course he also pursued recently in Europe. Dr. Wu has particularly asked that such armed movements as that recently carried out by Japan in Shantung Province should not be countenanced in future. Dr. Wu, who speaks English well, received a Western university education in addition to the education he had in China.

CHANG AWATS NO PREJUDICE

BATTLE RESULT AGAINST CANADA

EDITOR STATES

Northern Chinese Chief to
Leave Peking If Defeated in
Liulih Fight

MANCHURIANS NOW
LEAVING PEKING

Peking, June 1.—The families of prominent Manchurian officials are beginning an exodus from Peking.

Four special trains left the Northern capital for Mukden last night and another four went out today.

Peking, June 1.—At an impressive gathering in the President's Palace here at 3.30 this afternoon Marshal Chang Tso-lin addressed the diplomatic corps. He intimated he would remain in Peking pending the outcome of a decisive battle which he expected to be waged at Liulih, thirty-five miles to the southwest.

Chang recounted his efforts since he took over the reins of government at Peking seventeen months ago to maintain peace and protect foreigners. He gave assurances he was arranging such protection and would continue to do so in the immediate future, regardless of his own whereabouts.

Although the Dictator's address and the reply by the Dutch Minister, W. J. Odenik, the dean of the corps, avoided any specific reference to plans for Chang's early departure, the opinion of the diplomats was that the Dictator's speech was in the nature of a valedictory.

The event was described as somewhat affecting. Chang's small figure was clad in simple Chinese robes and he spoke in unflattering tones and his aspect was anything but that of a defeated man, surrounded by ministers of the powers, military attaches and ranking members of the legations.

TO AVOID BLOODSHED
The Dictator's assurances of protective arrangements in the immediate future were received as a hopeful indication that the expected handing over of the capital to the Nationalists.

(Concluded on page 19)

NORTH CHINESE TROOPS RETREAT

Tokio, June 1.—Advice from Tientsin state General Chang Sun Chang, Northern Chinese commander now in the field against the Nationalist forces, had ordered the Northern forces on the Tientsin-Pukow Railway front to carry out a general retreat.

It is contended that during this year, at least, administration and control of canneries will remain in the hands of the Federal Fisheries Department, whose powers in this regard are exercised under the Meat and Canned Foods Act of Canada.

The recent decision of the Supreme Court was in favor of British Columbia in that it was held the collection of fees was beyond the powers of the Dominion.

NO ELECTION ANNOUNCEMENT AFTER MEETING

Premier Silent Following
Conference With Colleagues;
Alters Speaking Plans

Government Leader Will
Leave For North June 9 on
Extensive Tour

Date of the approaching provincial election was as much a mystery as ever to-day after Premier MacLean had conferred with his Cabinet all morning.

"I have no announcement to make," the Premier said, when asked by newspaper men if the Government had decided on the date of the poll which is generally believed to be pending.

Alteration of the Premier's speaking plans gave a new turn to the political situation, however. Instead of going to the North immediately he postponed his departure until Saturday, June 9, when he will leave for Prince Rupert and other northern points with Hon. T. D. Pattullo, Minister of Lands. He had planned to go North this week-end, but instead will spend next week in the Capital.

GOING TO NANAIMO
The Premier will speak in Nanaimo to-night and return here immediately. After leaving Vancouver a week from to-morrow he will speak at Anyox, Alice Arm, Prince Rupert, Terrace, Smithers, Burns Lake and Vanderhoof, and probably at points in the Cariboo. This will bring him here about June 20, and it is quite possible no announcement on the election will be made until then.

Conservative dissatisfaction with the work of C. F. Davie, Conservative, M.P. for Cowichan-Newcastle, has resulted in the candidature of St. George H. Gray of Duncan, an independent Conservative. Mr. Gray announced his candidature yesterday with the statement: "I am standing so that decent people will be able to voice their protest against the enormous illegally-collected campaign funds of the two old party machines."

HITS DAVIE VOTE
Mr. Gray's candidature follows the defection of a large group of Mr. Davie's followers, who are not satisfied with his record in the Legislature. This dissatisfaction has been apparent for some time and strikes at the centre of the present members' strength in the Cowichan Valley. It was the Conservative vote here which elected him in 1924.

Meanwhile Sam Guthrie, Socialist candidate and former member of the Legislature for Newcastle, is making a strong bid for re-election. He is credited with wide support in the northern half of the riding, around Ladysmith, while he is expected to secure a large proportion of the vote cast by about 1,000 loggers in the Cowichan Lake district.

LITTLE GIRL LOSES LIFE
Richmond, June 1.—Slipping from a bridge across a canal near No. 7 Road, four miles east of Brighouse, Maureen Livingstone, four and a half-year-old daughter of Mr. and Mrs. Delbert Livingstone, of Brighouse, was drowned yesterday afternoon. The body was recovered.

Family of Eight
Burned to Death
Covert, Kansas, June 1.—Alfred Kaser, his wife and their six children were burned to death in a fire which destroyed the Kaser farm home, two and a half miles northeast of here, late last night.

When discovered by neighbors the fire was past control. The charred bodies of the eight victims were recovered from the ruins.

The origin of the fire was not determined.

LINDBERGH'S STORY IN PICTURES IS TOLD IN TIMES MAGAZINE ISSUE

The youth, training and crowning achievements of Col. Charles A. Lindbergh, known throughout the world for his accomplishments in aviation, will be told in a special picture feature in The Times Magazine Edition on Saturday.

There is also a column on aviation, telling of Canada's own aces. The story of Polly, a tale of the Queen Alexandra Solarium at Mill Bay is of great interest.

Royalty features this week's dispatches from the Old Country, H.R.H. the Prince of Wales being shown presenting the golf cup to Walter Hagen, while His Majesty the King is portrayed leading a procession of Knights of the Most Honorable Order of the Bath to Westminster Abbey.

Darwin's theory of evolution comes in for some discussion among the book reviews, while Professor W. T. Allison has several compliments to make upon Lord Beaverbrook's "Politicians and the War."

"Back of Beyond—a Tramp in the Goldstream Region," is a nature lore story by Robert Connell, the noted Island naturalist.

"Gun Fight," is the title of a full-page novelette. There is the usual children's page, a page for women with fashion hints, and four pages of color comics.

MENTIONED AS JAPANESE MINISTER TO THIS COUNTRY

Counselor of the Japanese Embassy at Washington, is mentioned as the probable choice of the Tokyo Government as its first Minister to Canada, it being the purpose to set up a legation at Ottawa soon, when a Canadian legation at Tokyo will be established. When asked about it in Washington, Mr. Sawada said he had received no instructions which would change his present duties.

RECALLING THAT in Confederation time leaders of opinion in Eastern Canada had scornfully dubbed British Columbia "nothing but a sea of mountains," Mr. Manson showed that vast agricultural development had taken place in recent years, agriculture now being one of the prime industries of the Province, with an increase in value from \$32,182,915 to \$76,995,000 in 1927.

Representation of a portrait of the late Hon. John Oliver was greeted with an outburst of applause, and Mr. Manson remarked that the career of the late Premier was an inspiration to all. Mr. Oliver having won his way from the bottom of the ladder to the highest gifts at the disposal of the people. His career showed the opportunities awaiting the aggressive young man in the Province. He considered this example should be of value to Dr. Tynlie and others who constantly cried of the necessity of young people going elsewhere to seek opportunity for advancement.

Mr. Manson said that credit for the speedy development of the Province was not claimed as solely attributable to the Liberal administration, but argued that a bad government would

RIOTS ARE SEEN IN CAPETOWN

Unrest Among Colored
Workers Causes Outbreak
When New Flag Is Flown

Capetown, S.A., June 1 (Canadian Press Cable via Reuters).—Reinforcements of police from all parts of the peninsula were drafted into Capetown last night to cope with a threatening situation, which had developed since morning, when a demonstration, said to have been inspired by unrest among colored workers, ran counter to the celebration of the eighteenth anniversary of the establishment of the Union of South Africa. The celebration yesterday was historic because for the first time the national flag was flown along with the Union Jack and Premier J. B. M. Hertzog and Lieut.-General Jan Christian Smuts, former Premier and present leader of the Opposition, appeared on the same platform and delivered patriotic speeches.

STREETS CROWDED
Scenes witnessed earlier yesterday were re-enacted last night when excited crowds filled the streets and several ugly incidents occurred. Colored people were prominent in the demonstrations.

WHITTAKER OFFERS SOUND ARGUMENTS

Saanich Liberal Candidate
Warmly Greeted at Lake
Hill Meeting

Norman W. Whittaker, Liberal candidate in Saanich, was last night accorded a hearty reception by 150 men and women at Lake Hill Community Hall.

Mr. Whittaker said he was a Saanich resident of twenty-five years' standing, when countering Tory assertions that he was an absentee candidate.

The candidate dealt with the public debt of the Province, showing that the contingent liability of \$20,000,000 for P.O.E. investments had been placed on the Province by the Conservatives. The actual Provincial debt of \$80,000,000 should be regarded from the point of view of what it represented. A productive debt of \$17,000,000 should be deducted and the Provincial sinking fund of \$18,000,000 also taken off. The increase in the actual debt was only \$26,000,000 in the last year, of which \$12,000,000 was incurred on behalf of the P.O.E. The purchasing value of money had decreased also, compared to the returns obtainable before 1916, Mr. Whittaker showed.

Four Pacific Aviators Bring Plane to Hawaii With But Little Fuel Left

Capt. C. Kingsford-Smith and Companions, Flying
Southern Cross on First Leg of Voyage to Australia,
Lost for Time, But Get Bearings and Arrive Safely
at Honolulu Field

Wheeler Field, Honolulu, June 1.—The transpacific monoplane Southern Cross, bearing four men, came safely to earth here to-day at 12.19 p.m. Pacific Coast time (Victoria time) after a 2,400-mile flight from Oakland, begun at 8.51 a.m. yesterday.

The Southern Cross made its landing only after hours of tenuity during which the crew had lost its position and the plane's fuel supply ran low. The machine finished the long air journey with little gasoline to spare.

WILL COMPLETE ROAD SURVEYS

Route of West Coast Road to
Be Fixed Finally; Construc-
tion Proceeds

Final surveys for the new West Coast Highway will be completed by the middle of June, as a result of progress in the last few days, it was stated at the Public Works Department. Surveys for the first stretches of the new road, which will give Victoria access to the rich hinterland of the West Coast have been completed and construction is under way, but further sections of the route have not been fixed finally yet.

Hon. W. H. Sutherland, Minister of Public Works, is anxious to secure the best possible route from the standpoint of automobile traffic and development. The Sooke Mountain Park created by the Government yesterday is not the resort which this Province plans to hand over to the Federal Government as a national park tributary to the West Coast Road, it was explained. The new reserve was established on the advice of the Alpine Club, which recommended it as a resort for mountaineers, campers and hikers. A much larger area will be made into the proposed national park. Careful investigation will precede the selection of this area, it was explained. Surveys to this end are under way already.

PLANES SENT
TO SPITZBERGEN

Sweden Aids in Search For
Crew of Missing Dirigible
Italia

Stockholm, June 1.—The Swedish Government has authorized the chief of the Aviation Department to equip three seaplanes to proceed to Spitzbergen to search for the missing North Pole dirigible Italia and its crew of eighteen.

An Associated Press dispatch from King's Bay, Spitzbergen, yesterday, said: "Four Alpine chamoises, guided by Paul Kremer, a hunter, started from here to-day on foot in search of traces of the dirigible Italia. They will travel in a northeasterly direction, going from winterhouse to winterhouse, and inspecting the whole terrain for traces of Gen. Umberto Nobile and his men."

Joel Horse Wins
At Manchester Track

Manchester, Eng., June 1 (Canadian Press Cable).—Sol Joel's six-year-old horse, Pons Astorum won the Manchester Summer Cup this afternoon by three-quarters of a length from J. de Rothschild's four-year-old Caporal. Talup was third, a length back.

The betting was 5 to 1 against Talup. Seven horses went the mile and a half of the handicap.

The stewards overruled an objection lodged against Pons Astorum for alleged bumping by his jockey.

NOVA SCOTIA LEGISLATIVE COUNCIL ENDS ITS CAREER

Halifax, June 1.—The Legislative Council of Nova Scotia passed out of existence last midnight in accordance with the abolition bill introduced in the Legislative Assembly by Premier Rhodes on February 15, given third reading and agreed upon by the Council on February 24 and signed by the Lieutenant-Governor March 2. The historic second chamber, an appointive body, 170 years old, is extinct after contesting its abolition by both political parties for the last fifty years and Quebec is now the only province in Canada maintaining a two-chamber Legislature.

The Legislative Assembly of Nova Scotia, elected by popular vote has forty-three members.

POLICYHOLDERS LOSE IN FAILURE

Toronto, June 1.—The failure of the Dominion Gresham Guarantee and Casualty Company, announced in Montreal, concerns Ontario to a considerable extent for the company has many agents and offices in that province. According to the manager of the Ontario branch, the policyholders are not likely to get much help through any arrangements with any other company.

"I think the policyholders will have to assume the risk of their own policies from now on," he said.

According to the last statement from the company, the Gresham concern held \$34,749,000 of insurance in force at the end of 1926.

The receiver-general at Ottawa is holding \$538,793 of bonds and debentures, \$250,000 of which represents a Government deposit as security for policyholders and the rest represents investments owned by the company itself. It is assumed the greater part of this deposit can be utilized for the protection of policyholders.

LARKIN ASSISTS MANY CANADIANS

High Commissioner in London
Says Vancouver M.P.'s
Statements Unfounded

London, June 1 (Canadian Press Cable).—Hon. P. C. Larkin, Canadian High Commissioner in Great Britain, has made a further statement to the Canadian Press with reference to strictures made in the House of Commons at Ottawa by Hon. H. H. Stevens, Conservative, Vancouver Centre, about Canada House, the Canadian Government's headquarters in London.

MANSON'S B.C. PROGRESS TALK WINS AUDIENCE

(Continued from page 1)

have slowed down progress; whereas the facts showed a constantly accelerating development. He believed the test should be: "Has there been general progress?" and that the voters should ascertain whether the Government has had its foot on the brake or the accelerator.

VAST DEVELOPMENT

Dealing with the development of the lumbering industry, Mr. Manson showed an increase in output of 240 per cent in ten years, the annual cut rising from 212,474,000 feet in 1918 to 723,942,000 feet in 1926. A striking development in recent years had been the entry of British Columbia mills into the water-borne lumber trade, this business in the five years 1912-16 being 241,250,000 feet, while in the five years 1923-26 water shipments had increased 984 per cent to 2,616,419,000 feet, largely due to the initiative of the Government in organizing the mills.

"In the face of these figures can any

man honestly say that capital has been afraid to come into British Columbia in the last ten years? Capital is now coming into British Columbia faster than to any other part of the North American continent," Mr. Manson said.

MINING INDUSTRY

The mining industry had shown a great development in the last ten years, the worth of the 1918 output being \$42,290,462, while that of 1926 had been \$67,188,942, while the increase in tonnage output in 1927 was 101 per cent above that of 1918. Tonnage figures were more indicative of actual progress than monetary values, because of market fluctuations.

FISHING PROGRESS

The fishing industry of the Province has shown an increase in worth of 88.88 per cent in ten years, despite the depletion of the Fraser River fisheries. This success has been due to the great development of the herring and pilchard industries of the West Coast. The basic industries of the Province, taken together, show an increase in output of 101 per cent, and together with the increase in schools, industrial firms, bank clearings, customs collections and shipping, told a story of unexampled progress in the past ten years.

Mr. Manson showed that hydro-electric power developed to-day was double that available ten years ago, and that power now in process of harnessing equals the half million horsepower now in use.

GREAT INDUSTRY

The industrial payroll of the Province has increased in ten years from

11,143 LETTERS OF RECENT DATE FROM MEN AND WOMEN EVERYWHERE SAY "THERE'S HEALTH IN HUSKY"

How This Great Medicine Relieves Stomach, Liver, Kidney and Bowel Troubles Is Explained By These Grateful People.

"Quickly Relieves Indigestion"; "Ended My Trouble With Constipation"; "Only Medicine to Help Me"; "Fine for Rheumatic Troubles"; "Wonderful Strengtheners" Are Expressions Used

EXPERT TORONTO MACHINIST SAYS "HUSKY IS BEST MEDICINE MADE"

CLARENCE SMITH

Clarence Smith, expert machinist of 216 John Street, Toronto, writes: "For the past six years I have been troubled a great deal with my kidneys. I had awful pains in my back, which were so bad I could hardly stand it at times. I was tired all the time, had no pep or energy, and was so nervous I couldn't sleep at night."

"I didn't relish any food, and what I did eat usually disagreed with me. I was feeling bad all over, and I could hardly do my work. I just felt like giving up. I used many different kinds of medicine, but none of them did me any good."

"Since I've been using Husky my appetite is great and my digestion is best. I could stand it. I want to eat all the time. The pains in my back have been relieved and I am full of pep and energy. I don't get tired now, and I don't mind my day's work at all. I want to recommend Husky as the greatest medicine in the world. I never expect to be without a bottle at home. There is nothing else like it."

Letters published here offer ample proof as to the truth of this statement. Go today and get a bottle of "Husky." It will make you feel better in a short time.

LETTERS

STOMACH TROUBLE

Mrs. Elsie Gough, 2907 Wurtel Road, Montreal, writes: "I wish to state that for six years I have been awfully sick. The main trouble was my stomach. I could not digest the least little thing. Of course, constipation followed and every day I had to take something to move my bowels. Really, I was discouraged. A friend told me about Husky, but I could not believe her. One day, however, I decided to try it. I have used six bottles of Husky now, and to-day I am a new woman. I can eat what I want and my bowels move regularly. I have recommended Husky to many a friend and they all have been surprised at the wonderful results."

RHEUMATIC PAINS

Charles Miller, 1863 Keefer Street, Vancouver, B.C., writes: "For years I have suffered from rheumatic pains in my limbs and body and have never found anything that would really help. I have also suffered continually from constipation. I want to let you know that Husky has relieved me of the rheumatic trouble. I have used the treatment regularly, have used eight bottles so far, and I am delighted. The constipation is also relieved and I am telling others how fine Husky is for even stubborn ills like mine."

KIDNEY DISORDERS

H. G. Rolfe, 191 Slater Street, Ottawa, Ont., electrician for Public Works Dept. of Government, writes: "I was suffering from kidney trouble and constipation. My kidneys acted too frequently and I had to get up often at night. My bowels were so constipated I always had to be taking a laxative. I want to let you know how fine Husky has been for me and that it has relieved the constipation and strengthened my kidneys. I could sleep at night now and feel stronger and better all day. I am very thankful to this medicine."

NORTHERN FORCES GATHER FOR DEFENCE OF PEKING—While Gen. Chang Tso Lin, commander of the northern army in China, wondered whether to withdraw from Peking or stay and fight the invaders from the south, arms and ammunition were being concentrated in the city in the event of a stand. Above are pictures of northern soldiers entering Peking with supplies. These two-wheeled carts drawn by mules are the chief means of heavy transportation.

LIFE SAVING IS DISCUSSED

\$80,000 Voted By Commons; Great Lakes Topic of Debate

Ottawa, June 1—Life-saving stations on the Canadian coast of Great Lakes were discussed in the House yesterday afternoon.

T. L. Church, Conservative, Toronto Northwest, brought the matter up when a vote of \$80,000 for the life-saving service was being considered in the committee of supply. Mr. Church asserted Canadians on the Great Lakes had to rely on United States life-saving stations.

Disagreeing with the Government course, Mr. Church moved the vote of \$80,000 be reduced to \$65,000. Geo. W. Spotton, Conservative, North Huron, Ont., expressed support of Mr. Church's view.

Hon. P. J. A. Cardin, Minister of Marine and Fisheries, said that even if the vote were double the amount of \$80,000 now asked it would be physically impossible to erect such a disaster as had occurred on the Great Lakes last fall.

If lighthouses and other lifesaving devices were to be located at every possible point of danger, the Government would have to ask for a vote of several million dollars.

Hon. Hugh Guthrie said \$80,000 for lifesaving stations for all Canada was exceedingly small. He suggested a reorganization of the whole service. Mr. Church finally withdrew his motion.

Money Voted For Hudson Survey

Ottawa, June 1—An item of \$500,000 to continue the investigation of conditions of navigation in Hudson Straits and Hudson Bay was passed with little discussion during consideration of Marine Department's estimates in the House of Commons yesterday.

Hon. P. J. A. Cardin, Minister of Marine, in reply to a question, stated all reports received indicated satisfactory conditions of navigation in the strait.

A vote of \$530,000 for hydrographic and tidal and current surveys and one of \$500,865 for radio telegraph service for the construction of radio telegraph ship-to-shore stations also were carried.

Cute in a Baby-Awful at Three—and it's Dangerous

by Ruth Brittain

Thumb sucking does look sweet in a baby, but it is disgusting in the three-year-old and sometimes it hangs on until fifteen or sixteen! The habit may cause an ill-formed mouth or induce adenoids; and it always interferes with digestion. Pinning the sleeve over the hand; attaching mittens, or putting on cardboard cuffs, which prevent bending the arms at the elbows, are some of the ways to stop the habit.

Another bad habit—irregularity in bowel action—is responsible for weak bowels and constipation in babies. Give the tiny bowels an opportunity to act at regular periods each day. If they don't act at first, a little Fletcher's Castoria will soon regulate them. Every mother should keep a bottle of it handy to use in case of colic, cholera, diarrhoea, gas on stomach and bowels, constipation, loss of sleep, or when baby is cross and feverish. The gentle influence over baby's system enables him to get full nourishment from his food, helps him gain, strengthens his bowels.

Castoria is purely vegetable and harmless—the recipe is on the wrapper. Physicians have prescribed it for over thirty years. With each package you get a valuable book on Motherhood. Look for Chas. H. Fletcher's signature on the wrapper so you'll get the genuine. (Adv.)

Vancouver Island News

Street Surfacing Contract Let By Nanaimo Council

Nanaimo, May 31—Nine miles of graveled streets within the city limits will be surfaced by the Colfax Pacific Company Limited of Vancouver, the contract having been signed at an adjourned meeting of the City Council Tuesday night.

The surface treatment will consist of two coats with a guarantee of two years' wear, the cost to be \$1,250 per mile.

Chemainus

Chemainus, June 1—Tenders for the proposed addition to the Chemainus Superior School will be invited immediately by the North Cowichan Municipal School Board. The work is to be completed by August 15.

Accountants Meet In Saskatchewan

Moose Jaw, Sask., June 1—At a one-day convention here yesterday, David Mowat of Saskatoon was elected president of the Institute of Chartered Accountants of Saskatchewan, to succeed J. D. Dawson of Regina. H. H. Bamford of Moose Jaw was elected vice-president and W. E. Hodge, also of this city, secretary-treasurer.

The council for the year is composed of the president, vice-president, secretary-treasurer, A. C. Rattray, Regina; W. J. Weston, Saskatoon; P. C. Smith, Regina and J. D. Dawson of Regina.

A. Perrin-Taylor, Regina, was appointed librarian and R. R. Thomas of Regina, auditor.

D. Mowat, president, and J. D. Dawson, past-president, were appointed as representatives on the Dominion council.

Estate Request Is Made By Consuls

Vancouver, June 1—The consuls in Vancouver, at a meeting yesterday, decided to request Hon. A. M. Manson, Attorney-General of British Columbia, to arrange to have the consulates informed as soon as possible of the deaths of any of their nationals who die in testate, so they can take immediate action. It was pointed out that, according to international treaties, local authorities were bound to inform a consul immediately on the death of any of his nationals, the consul then becoming ex officio administrator of the estates, instead of the official administrator, if the foreigners had no relatives in the Province.

Tom Moore Speaks At Geneva Meeting

Geneva, June 1—Tom Moore, president of the Trades and Labor Congress of Canada, addressing the International Labor Conference here yesterday, urged stringent national legislation to prevent accidents, so numerous in industrial countries.

Mr. Moore declared the major contributing factors in accidents were the long hours demanded of workers and mass production. He also said that in new countries such as Canada there was a tendency to place untrained workers in charge of machinery.

Spokane Citizen Dies In Vancouver

Vancouver, June 1—O. R. Portie, one-time member of the firm of Portie and Philpott, financial brokers of this city, was found dead in his room in the Hotel Vancouver yesterday afternoon.

Mr. Portie, who registered at the hotel from Spokane on May 29, was in ill-health.

He leaves a widow, a son and a sister in Spokane, it is stated.

NEWSPAPER APPEAL FAILS

Edinburgh, June 1—The first division of the Court of Session here yesterday refused the appeal of Sir William Berry and Sir James Berry of the Allied Newspapers Limited, against the decision of Lord Macnair in the Court of Session granting an interim interdict on the sale of The Aberdeen Journal to Sir Robert Bruce. The interim interdict was granted on application of Sir Robert Bruce, a director of The Journal, and five shareholders of the newspaper.

LIQUOR STILL EXPLODES; MAN GOES TO JAIL

Winnipeg, June 1—The use of ingredients analyzed as "highly poisonous" in the manufacture of illicit liquor resulted in the imposition of a fine of \$500 and a sentence of three months in jail on Mike Romanek, when he pleaded guilty in court here to the operation of a giant still in his home. As the prisoner had no funds to pay the fine, he was sentenced to serve an additional six months in jail. An appeal will be made.

Romanek was arrested when the still exploded, damaging his house. He was severely injured by the blast.

Larger Salaries For Ministers Is Clergyman's Plea

Smith's Falls, Ont., June 1—The fourth session of the Bay of Quinte conference of the United Church of Canada opened here yesterday with more than 500 delegates in attendance. Following the opening service, in which several clergymen participated, a pressing plea for increased salaries for ministers was made by A. C. Denike of Hawkeston, who produced figures to show that for every dollar spent on the church, the people spent four dollars for theatre and movie tickets, four dollars for public schools, six dollars for life insurance, two dollars for candy and three dollars and a half in beautifying females.

April Immigrants Totaled 26,983

Ottawa, June 1—Canada's immigration during the month of April, 1928, totaled 26,983, according to a statement issued by the Department of Immigration and Colonization. This was a decrease of twenty-four per cent compared with April, 1927, when the immigrants totaled 35,441. There was a decrease of 2,123 in immigration from the British Isles, an increase of 400 in immigration from the United States, and a decrease of 6,744 in immigration from other countries.

Immigration during April included the following:

English, 4,665; Irish, 1,944; Scottish, 2,227; Welsh, 544; Belgians, 334; Danish, 778; Dutch, 538; Finnish, 370; French, 122; Germans, 1,940; Norwegians, 450; Swedish, 691; Swiss, 91; United States, 2,927; other countries, 9,062.

During April 2,315 Canadians who had gone to the United States to live returned to Canada, declaring their intention of remaining in this country.

LARGE PART OF TOWN SOLD

London, June 1 (Canadian Press Cable)—An example of the old order changing in the matter of English land ownership was afforded under rather unusual circumstances yesterday when, lot by lot, a great part of the quaint little town of Amersham in Buckinghamshire came under the auctioneer's hammer.

Cottages, pretentious residences and shops were sold. Every tenant previous to the sale had been given an opportunity to purchase the cottage he occupied and seventy cottagers availed themselves of this. For generations the property had been owned by the Drake family.

RAILROAD RATE CHANGE

Ottawa, June 1—Cancellation of the Canadian Pacific Railway tariff, in force since June 23, 1927, on livestock to Pacific Coast points in the United States, from Western Canadian points, is recommended in a report handed down yesterday by the Board of Railway Commissioners. Application for suspension of this tariff was made by the United Grain Growers Limited of Winnipeg and other agrarian and livestock organizations on the prairies.

SUBMARINE DAMAGED

New London, Conn., June 1—A collision between the submarines S-18 and S-17 at the submarine base here yesterday resulted in a hole being ripped in the special operating compartment of the S-12. The S-12 was coming up alongside the flagship, the Camden, when it was rammed, a hole being punched in its side. Outside of the flooding of the motor room no other damage was inflicted.

MANSLAUGHTER VERDICT

Cranbrook, B.C., June 1—James Sutherland, tried here on a charge of having murdered Patrick Nicholson on April 6, last, night, was found guilty of manslaughter. The jury, after deliberating for six hours and twenty minutes, brought in a verdict of "guilty of manslaughter," with a strong recommendation for mercy.

'NOTHER MONSTROSITY

"Missed your train, air?" "No, I didn't like it so I chased it off the platform."

British Students To Tour Empire

London, June 1 (Canadian Press Cable)—On a tour through the Empire, a party of five university and former public school students of Great Britain will sail for South Africa to-day. Later they will visit Canada. The tour was arranged by Rt. Hon. L. C. M. S. Amery, Secretary for the Dominions, with a view to giving the young men an opportunity of visiting the principal

Dominions before embarking on their careers. A party of young women students will visit Canada in July.

VETERAN DIED

Edmonton, June 1—Veteran of the Chinese Boxer campaign, the South African War and the World War, for nearly two decades a soldier in India and other parts of the world, and since 1921 a farmer in the Ardrossan district, twelve miles southeast of Fort Saskatchewan, Colonel A. H. Gleadowe, N.C.M., died Wednesday on his farm at the age of seventy-six.

When Food Sours

Sweeten the stomach—instantly

About two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been overstimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips' Milk of Magnesia—just a tasteless dose in

water. It is pleasant, efficient and harmless. It has remained the standard with physicians in the fifty years since its invention.

It is the quick method. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drug store. (Adv.)

A GREAT PROJECT

MOST PEOPLE AT THIS STAGE OF the world's progress are grumbling about the taxes they have to pay, whether it be income tax, property tax, or any other form of charge upon their means. The people of Victoria are in the same boat; but they have a good deal more to be thankful for than the taxpayers in many other parts of the country. They are noting the continual improvement in conditions in this community and the prospects of still better times ahead. Increasing industrial activity is of supreme importance to them. The development of the Saanich Peninsula spells bigger business for Victoria. It is also patent to everybody that the building of the West Coast Road and the opening up of the fertile territory that highway will serve will play an important part in reducing the burden of the taxpayers of this community.

It is gratifying to learn that the Department of Public Works is making rapid headway with bridge construction and with the project generally. Dr. Sutherland promised that no time would be lost and he is keeping his promise. The completion of this project should be the signal for dozens of new enterprises in Victoria and throughout the territory which the road will traverse. Large tracts of virgin timber will be tapped, mineral wealth will be made accessible, agricultural areas should attract settlers, our fisheries should be expanded, while the coastline should be dotted with seaside resorts surpassing anything of the kind existing on this coast at the present time. The future of that part of the Island as a mecca for tourists, of course, will be doubly assured by the establishment of a great ocean park under the incomparable parks system operated by the Dominion Government.

The West Coast hinterland is directly tributary to this city. Development of any kind there will produce business for Victoria and it is not difficult to appreciate the volume of trade which should flow from the expansion that must follow the building of this road. It should not be out of the way to predict an additional population of fifteen or twenty thousand people in that area within a few years. This would mean also the multiplication of opportunities under many heads for the youth of our communities who no longer would need to go abroad for them. A virtually untouched part of this Island will await them and make it worth their while to stay.

From the tourist business alone, of course, every part of the Island will benefit. A national park facing the ocean will be unique in the great system which the Dominion Government operates. Such a recreation ground would furnish a welcome change from the resorts of the Interior. After the holiday-maker has had his fill of the mountains, he can come to Vancouver Island's ocean park and get his fill of the sea, not forgetting a mountain background which will lend majesty to the scene. Taken altogether, therefore, the West Coast Road, and all that it will mean to the surrounding country, is one of Victoria's best bets for future expansion.

CANADA IN CHEMICAL INDUSTRY

CANADA'S OUTPUT OF CHEMICALS and allied products had a production value exceeding \$126,000,000 in 1927, surpassing all previous years since the close of the war. The progress in this branch of manufacturing in the Dominion has been very encouraging in that with one slight exception increases have been registered from year to year since the depth of the depression following the war. In 1921 the output of the chemical industries was valued at under \$89,000,000. In the intervening six years a growth in value of more than forty-two per cent. has been registered, a growth which is quite remarkable when it is considered that prices have decreased in the same period by approximately sixteen per cent.

Canada's chemical and allied products industry now numbers 360 establishments in which the invested capital exceeds \$134,000,000. These plants gave employment to 14,400 employees to whom over \$18,500,000 was paid in salaries and wages. In the process of manufacture of raw materials, costing \$63,500,000, Canadian workmen added \$63,000,000 to the value of the finished product. Such manufactures as acids, alkalis, salts, pharmaceutical preparations, explosives, ammunition and fireworks, coal tar and its products, inks and dyes, fertilizers and wood distillates are included in the classification.

Interesting as is the progress in Canada in manufacture of chemicals and allied products, the groups of industries so included represent only a fraction of the manufacturing in the Dominion in which chemical processes are used. Taking the larger view of chemical progress in Canada, there was an increase of about a quarter of a billion dollars in output in

the five years from 1921 to 1926, the grand aggregate value in 1926 exceeding \$725,000,000. These industries were housed in 1,455 plants and employed over 92,000 workers, while the capital investment exceeded a billion dollars.

WHAT THE FACTS SHOW

NO DOUBT IT WILL TAKE A LITTLE time for all our apostles of gloom to crawl into their shells. The morning paper will continue to tell us that conditions never will be any better until a Conservative Government has been installed here and at Ottawa. But the Colonist manages to confine its gloom to its editorial columns. On its front page the other day it published details of continually increasing building activity in Victoria, noting that the houses going up this year are larger and more costly than those that went up last year. It is enthusiastic this morning about the continued upward trend of local banking business. It had good reason for it in the following figures, showing the clearings by months so far this year, compared with the totals of the corresponding months of 1927:

	1927	1928
January	8,411,576	9,904,443
February	7,867,442	9,687,507
March	9,272,728	11,364,042
April	8,935,380	10,376,413
May	10,402,265	10,966,943

Our banks have to be accurate in their statements. We shall take the foregoing figures as correct; we also will accept the Colonist's statement that "it is nearly twelve months now since the figure for the month has failed to show an advance on the corresponding month of the previous year, so that the gain has been consistent." Nor shall we quarrel with this statement: "Victoria maintains a slightly better proportionate gain than most of the other Canadian cities reporting." Incidentally, and it shows general prosperity throughout the Province, Vancouver's banking and home-building business likewise is much greater than last year, the latter showing the value of permits so far as more than a million dollars greater than by this time in 1927. These are facts which should convince most people who are concerned with facts, and not with the manufacture of political capital, that we are doing very nicely indeed.

SOUTH AFRICA'S FLAG

SOUTH AFRICA'S NEW NATIONAL flag was unfurled with the Union Jack at South Africa House in London yesterday by Prince Arthur of Connaught, a former Governor-General of the Union, the occasion being the eighteenth anniversary of the Union of South Africa. A similar ceremony was held simultaneously at Capetown. At the London gathering, Hon. P. C. Larkin, representing Canada, was among the notables and diplomats who were present.

Not so very long ago the people of South Africa were up in arms on the issue of a national flag. Many saw in the Government's insistence upon a distinctive emblem for the Union the first step towards South Africa's withdrawal from the British Commonwealth of Nations. Others took a very natural view of the controversy and could not understand why there should be any objection to a nation growing up desiring its own rallying symbol which, while largely composed of designs peculiarly South African historically, also included the Union Jack. The storm died down and the calm of compromise prevailed. The flags will be flown together on certain occasions and few susceptibilities will be wounded. It may be assumed that the ceremony in London yesterday—scarcely anybody in Great Britain, of course, was perturbed about the flag issue—has made the fearful ones in South Africa more comfortable in their minds. Some of those newspapers in Canada which were alarmed at the time no doubt have recovered by this time.

The formal unfurling of South Africa's national flag, however, once again reminds us that Canada, senior to all the other Dominions in point of population and political influence, with the exception of Great Britain, still is behind the rest in this matter. New Zealand and Australia, the Irish Free State and now South Africa, have their own flags. We have shown in other ways that we have grown up; surely we might do so in this way.

WHAT OTHER PAPERS SAY

OLD ENGLISH FASHIONS
From The Brandon Star

Many strange customs yet survive in England. The ceremony of pricking the sheriffs remains through the old tradition that "the King, can neither read nor write, and he still pricks against the names with a bodkin." At the annual fair at Corby, in Northamptonshire, it is still legal, by virtue of a charter granted by Queen Elizabeth, to place in the stocks any person who shall refuse to pay the shilling for admission. On the day of the fair the stocks are erected in the village. The existence of the two buttons at the back of the tailcoat originated in the days when people rode on horseback, and used to fasten their coat-tails onto them for convenience.

Dealing with customs of the House of Commons, a lecturer said that no door must be locked there. This was to prevent any secret meetings. One day a member inadvertently locked the door of a committee room and he was severely reprimanded by the Speaker.

THOUGHTS

Unto the pure all things are pure.—Titus 1:15.
God be thanked that there are some in the world to whose hearts the barnacles will not cling.—J. G. Holland.

But the day of the Lord will come as a thief in the night.—1 Peter 4:13.

We are all approaching that dread tribunal. However diversified our paths, they all converge toward that common centre.—Richard Pull.

Life's Niceties Hints On Etiquette

1. What should be the first thought of host and hostess for a visiting guest?
2. What should they be careful to avoid, however?
3. What is one way?

THE ANSWERS

1. Their comfort and entertainment.
2. Straining themselves so that their guests will feel themselves a burden.
3. By setting parts of each day aside when the guest can entertain themselves.

The WEATHER

CAPT. WALBRAN'S BOOK

To the Editor:—"Interested One" in Thursday's Times who is seeking information about local names will secure ample satisfaction by referring to that famous book, "John T. Walbran, Captain," by Capt. John T. Walbran, published in 1909.

The work is in the Legislative Library, and Mr. Hoyle I am sure will only be too pleased to show the book to anyone wishing information.

R. T. WILLIAMS.
934 View Street, Victoria, B.C., June 1, 1928.

Dr. Kergin, of Prince Rupert Visiting Here

Dr. L. W. Kergin of Prince Rupert, who came west in connection with the Bankey murder trial at New Westminster, is in the city to-day, being registered at the Empress Hotel. The judge and jury sitting on the case called for the North on Wednesday to view the scene of the murder of Miss Loreta Chisholm at Port Essington.

Dr. Kergin presides at the preliminary hearing in the North, particularly in the Stewart district.

The mining development in the Stewart area, he said, is helping to build up Prince Rupert, through which port much of the northern business is handled.

Before returning to Prince Rupert,

JOTS FROM GEOGRAPHY

THE GRINOCO is one of the great rivers of South America, and flows through Venezuela and Colombia. Its waters have an average breadth of four miles. The delta of the Grinoco covers an area of 8,500 square miles. The river pours into the Atlantic in a milk-white flood. Of its numerous mouths covering 165 miles of coast line, only seven are navigable to the interior.

"Does Last Longer"

PHONE 139

Dr. and Mrs. Kergin will pay a visit to Seattle, leaving here to-morrow for the Sound City.

Contract Let For Two Houses At Gordon Head

A contract for the construction of two houses in the Gordon Head district was placed with Fairhurst Bros., building contractors, to-day, by Architect S. MacIure, who designed the residences.

The homes are being built for A. C. MacDonald and D. Fleming, and will be erected on adjoining property on Fernside Road.

M.P.'S DISCUSS SHIP CHARTER

Ottawa, June 1.—Sale of the Government steamer Vigilant in 1921 at \$18,000 and the recent chartering of that vessel at \$2,250 a month by the Department of National Revenue, again came before the Commons last night.

The subject was reintroduced by Hon. W. D. Euler, Minister of National Revenue, during consideration of supplementary estimates of his department.

The suggestion had been made from the Conservative benches, said Mr. Euler, that the Vigilant had been chartered at so high a price that it savored of graft. That implication he strongly resented. Mr. Euler reviewed the negotiations leading to the charter. Valuations placed the present value of the vessel at \$130,000 to \$136,000, he said, and \$2,250 a month was considered a fair charter price.

ORDER READ

Mr. Euler then read the Order-in-Council which provided for the sale of the vessel and which was passed, he said, by the Government of Right Hon. Arthur Meighen on December 28, 1921. The Liberal Government, led by Premier King, he explained, took office on December 29, 1921. But, Mr. Euler pointed out, the recommendation of Hon. C. C. Ballantyne, Minister of Marine and Fisheries in the Meighen Government, to sell the vessel of Manly Chen was dated one month before the final Order-in-Council was passed. If there was graft, the Meighen Government was responsible. He did not think for a moment there was graft in connection with the sale of the Vigilant. However, this word had been used from the other side of the House and he wished to deprecate its use very strongly.

The members for Halifax, North Simcoe, Ont. and East Simcoe, Ont., owed the House apologies, concluded Mr. Euler.

RADIO DEBATE IN THE COMMONS

Ottawa, June 1.—There was a debate on the cancellation of the radio broadcasting licence of the International Bible Students' Association in the House of Commons yesterday afternoon during discussion of an item of \$190,000 to provide for the general improvement of reception conditions to licensed broadcast listeners.

J. S. Woodsworth, Labor, Winnipeg North Centre, believed that what the Department of Marine should do was to regulate the length of time the Bible Students should have on the air. The Government, he said, should not censure them nor suppress them.

Hon. Hugh Guthrie, Conservative, Wellington South, agreed with Mr. Woodsworth. He believed the present act should be amended.

WHITTAKER OFFERS SOUND ARGUMENTS

(Continued from page 1)

GREAT INVESTMENTS

The opening up of vast areas of the Province had involved great investments in highways. The Government was saddled with administration of most of the Province, and the advanced social legislation of British Columbia had made great demands on Provincial revenues. Per capita taxation in this Province to-day was only three times as high as in Ontario, while Sir Richard MacLean had publicly expressed satisfaction with conditions when British Columbia taxation per head had been five times that of Ontario.

Mr. Whittaker remarked that Dr. Toimie had criticized Provincial taxation as unduly heavy, but had not stated any measures for reduction which he would initiate if placed in office. He suggested that Dr. Toimie be asked for definite statements.

CONFIDENT

The candidate expressed confidence in the return of the Liberal Party to power, under the brilliant leadership of Hon. J. D. MacLean. The defeat of R. H. Pooley by Mrs. Smith was forecast, with election of M. B. Jackson, K.C., to represent the Islands, and a turnover in Victoria City. He pledged

TWENTY-FIVE YEARS AGO TO-DAY

Cumberland, May 30.—The sittings of the Royal Labor Commission which opened here on Wednesday morning were concluded to-day, the commissioners having gone fully into the causes and circumstances surrounding the present strike and the more important facts connected with the organization of the local branch of the Western Federation of Miners, and relations with that body.

A crowded and enthusiastic audience greeted the performance of "Alice in Wonderland" at last Saturday's matinee. This pantomime is the first effort of its kind ever attempted by Victoria amateurs, and slowly but surely, earned before its last performance the credit it deserved.

Victoria and vicinity—Weather Forecast—Moderate or fresh winds, generally fair and warm.

The last report of the Minister of Mines for 1901 was presented to the House last week and is a gratifying one. In introducing the report the Provincial mineralogist, W. F. Robertson, had a very encouraging statement.

Is there another leper in Chinatown? Sanitary Officer Wilson believes that there is one in hiding, and he has been on the still hunt for some time. He is bound to locate the unfortunate, but experience has taught that no matter what vigilance is exercised the capture cannot be hastily accomplished. And so Darcy Island may continue in usefulness as a lazaretto.

The great McEwen has arrived in Victoria, and to-night at the Victoria Theatre, will give the first of his exhibitions of magic and hypnotism.

The C.P.R. steamer Princess Mary arrived from Skagway last evening with a very light passenger list and a small cargo of general freight.

L. U. Conyers, who has until recently been engaged in the cannery business on the Skeena River, has to-day entered the firm of Messrs. P. C. MacGregor & Co., real estate and insurance brokers.

The popular excursion steamer, City of Nanaimo, has been chartered for a trip to Whistler on Sunday, June 3.

that, if elected to represent Saanich, he would be no "rubber stamp" member of the Legislature.

President David Ramsay of the Saanich Liberal Association acted as chairman, and congratulated the people of Lake Hill district upon erection of the Community Centre with their own hands.

Mrs. Mary Ellen Smith, M.P.P. for Vancouver, and Liberal candidate in Esquimalt, said the Conservatives ap-

Tender, Aching Feet

Be good to your poor, tired, aching, chafed feet! Bathe them in "Tix." You can just feel your feet saying "Thank you!"

"Tix" draws out the acids and poisons that cause your feet to swell, ache and burn. Also takes all the pain out of corns, bunions and callouses. You'll have happy, willing feet and be able to wear smaller shoes if you'll indulge them in "Tix." Many weeks of solid foot comfort for a few cents in every box of "Tix." All drug and department stores sell it. (Adv.)

VERA GORDON AND LOUISE FAZENDA STAR AT PLAYHOUSE

Throughout the country newspapers have offered prize money for the relating of "my most embarrassing moment," in columns especially conducted, which have been the source of interest for many readers. In "Millionaires," the Warner Bros. production at the Playhouse Theatre features George Sidney with Vera Gordon and Louise Fazenda, takes the prize money for the screen portrayal of "my most embarrassing moment." At a fashionable dinner, Sidney, in the role of the newly-rich Meyer Rubens, is decidedly uncomfortable.

"LOVE AND LEARN" AT COLISEUM HAS SPLENDID CAST

An imposing cast surrounds Esther Ralston in "Love and Learn," Paramount's latest picture starring Miss Ralston, which is being shown at the Coliseum Theatre to-day. The cast picked by Frank Tuttle, director of the picture, who won fame by directing "Miss Bluebeard," is one which includes veterans and those who are fast becoming popular among the motion picture theatre-goers. Hedda Hopper is the mother of Miss Ralston in the picture, and so well does she fit into this type of role that she always is in demand in Hollywood for parts in the various pictures.

GLORIA SWANSON PLAYS IN STORY OF SOUTH SEAS

"Sadie Thompson," Gloria Swanson's second independent United Artists picture, which is the current attraction at the Dominion Theatre, is adapted from one of the most dramatic and most widely discussed stories of modern literature—the short story, "Sadie Thompson," by W. Somerset Maugham. It was screened under the direction of Raoul Walsh. This story of "Sadie Thompson's" redemption by a tyrannical South Seas reformer, Oliver Hamilton, who forces her to confess that she is an exile from the underworld of San Francisco and then determines to break her defiant spirit and gain her repentance, is one of the most vital themes in modern literature. On the stage this week at the Dominion are Sidney Dixon and G. Donald Gray, the famous radio stars from KOMO Station in Seattle. These artists are appearing this week in answer to the repeated demands of patrons since their last appearance here some few months ago. They will be heard singing several of their famous radio song hits.

CAPITOL PICTURE IS STORY OF NEW YORK FOUR HUNDRED

Because he made a good bat-boy in a baseball picture, Coy Watson, Jr., won himself a job as a groom in a polo story. Watson played with William

Haines in "Slide, Kelly, Slide" and made so good that the star asked to have the boy play the role in his new starring picture, "The Smart Set," for Metro-Goldwyn-Mayer, which is now at the Capitol Theatre. Jack Conway who directs the production acceded to the request and Watson got the part. The cast of "The Smart Set" includes Alice Day, Hobart Bosworth, Jack Holt and Constance Howard.

NEW CANINE STAR IS FEATURED ON BILL AT COLUMBIA

Of the thousands of dogs who have sought screen stardom but four have really succeeded to any important degree of success. These are Rin-Tin-Tin, Peter the Great, Strongheart and Flash, a new dog which Metro-Goldwyn-Mayer is starring in "Under the Black Eagle," a thrilling film romance at the Columbia Theatre. The new canine star is three years old and is valued at \$100,000. The principal romantic roles of the picture are played by Ralph Forbes and Marceline Day.

Headaches?

The next time your head aches—from any cause—just take a tablet or two of Aspirin and see how soon the pain is all gone. It is absolutely harmless, else physicians wouldn't say to use it; and it does not affect the heart.

All druggists have genuine Aspirin, in the box that says Bayer—with the word genuine in red letters!

ASPIRIN

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

Luxton

Mrs. D. H. MacCaskill and Mrs. J. Blackburn, Seattle visitors in Victoria, motored to Glen Lake on Sunday with Mrs. W. Richdale and Mrs. L. Gossman to visit Mrs. Richdale's daughter, Mrs.

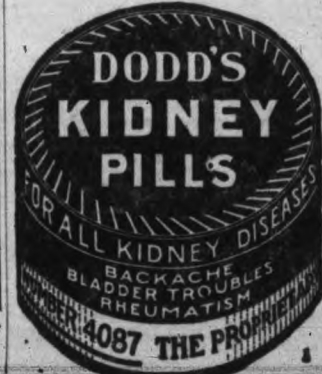

Jack H. Trace, Jr., "Glendale Cabin."

The directors of the Luxton and Happy Valley Women's Institutes met at the home of the president, Mrs. Robert Brown, "Mandalay," Monday evening and discussed institute affairs. At the close of the evening the hostesses served refreshments.

The hall committee announce the annual meeting of the residents of the district on June 4 for the purpose of electing a committee for Luxton Hall for the ensuing year. As this meeting is of great importance to the community in general a large attendance is requested.

STAR OF VARIETY PICTURE PLAYS PART OF APE MAN

Bull Montana put in about seven hours a day while working in "The Lost World," now playing at the Variety Theatre. In order to get made up in time for "shooting," Bull got down to the studio at 4 a.m. every day and the ape hair was glued to his body, a few hairs at a time. By 9 a.m. he was ready to start work with the rest of the cast which included Bessie Love, Lewis Stone, Wallace Beery and Lloyd Hughes.

SOCIAL PERSONAL WOMEN'S AFFAIRS AND CLUB NEWS

WANT UNIVERSAL OBSERVANCE OF ARMISTICE DAY

National Council of Women Endorse Memorial Service Idea

Toronto, June 1.—Endorsement by the executive committee of the proposed universal memorial service for Armistice Day, was announced at the session today of the National Council of Women by Mrs. Horace Parsons, corresponding secretary during her annual report.

In summarizing what the council had done, Mrs. Parsons said: "Again we sent forward our petition that women be appointed as members of the Senate; that a woman be appointed to the War Memorial Commission; that in 1919, owing to the criticism which has been offered from certain parties, this chapter assembled to authorize the National executive to take steps which may be necessary to establish such validity for all time."

The above resolution, moved by Mrs. Graham Thompson, Toronto, was adopted at yesterday's session of the Imperial Order Daughters of the Empire.

It was the culmination of a long stormy, closed meeting following the report of the memorial committee, presented by Miss W. Gordon of Kingston.

A technical point, raised by Mrs. E. A. Gooderham and involving a matter of business in the Montreal meeting five years ago, when Mrs. Gooderham was regent, was the matter up for discussion. It evolved around the right of the National Chapter to administer the war memorial fund.

The statement was issued by Mrs. R. C. Marshall of Edmonton, Alta., vice-president of the National Chapter. \$463,097 SUBSCRIBED

The entire contributions to the war memorial up to April 25, 1928, \$463,097.55. Satisfactory reports are shown from every province.

Of the contributions made by the chapter during the past year, the largest in the various provinces, are Municipal Chapter of Toronto and the Sir John Gribson Chapter, Ontario, each \$10,000.

Forbes Robertson Chapter, Saskatchewan, contributed \$250; the Colonel Macleod Chapter, Alberta, \$225, and the Gonzales Chapter, B.C., \$201.

MISS GORDON'S REPORT
"The work of administering this great memorial goes on. Faced with divers difficulties the chapters throughout Canada have earnestly striven to supply the money necessary to carry on such parts of the original scheme as the National Chapter has deemed practicable."

"This war memorial, ever widening in its scope as those who held our burials go out among their fellow Canadians, especially among the children who will soon be Canadian citizens, and those who hold our overseas scholarships come back from Britain with new visions of what the Empire means, with a fine and keen spirit of imperial service," were the closing words of Miss Gordon's report.

TEACHERS SUBSIDIZED
Mrs. Norman Marshall, in her report from Alberta, announced a scheme used in the Western province by the order to subsidize teachers in districts where new Canadians are segregated. These teachers go into the homes of the parents and actually teach them along lines of Canadian home making. In this way families are kept together and a practical service in Empire development is administered not only to the children, but to adults in need of just such friendly advice.

MRS. F. MCKENNA DIES IN QUEBEC
Daughter of Lieut.-Governor Succumbs After Operation

Quebec, June 1.—Mrs. Frank McKenna, daughter of Hon. Narcisse Perreault, Lieutenant-Governor of Quebec, died in hospital here last evening, following an operation. Her husband, Francis McKenna, died in 1916. She was born in Montreal in 1885. A daughter, Yvette, survives.

Miss McKenna, the Lieutenant-Governor's daughter, was a member of the Imperial Order Daughters of the Empire, and a member of the Quebec branch of the order.

Material assistance was given to the work of the Women's Guild of St. Barnabas Church as the result of the very successful and enjoyable concert given in the school hall of the church last night. Rev. N. E. Smith voiced the thanks of the gathering to Mrs. P. E. Corby for her able convener of the programme, and to the many who assisted.

STORMY MEETING ON I.O.D.E. WAR MEMORIAL FUND

Criticism of Administration By National Chapter Aired at Toronto

Toronto, June 1.—While we reaffirm our confidence in the validity of our action and re-endorse all those recommendations which have been brought before the National Chapter by the War Memorial Committee since the adoption of the war memorial scheme by the National Chapter in 1919, owing to the criticism which has been offered from certain parties, this chapter assembled to authorize the National executive to take steps which may be necessary to establish such validity for all time."

The above resolution, moved by Mrs. Graham Thompson, Toronto, was adopted at yesterday's session of the Imperial Order Daughters of the Empire.

It was the culmination of a long stormy, closed meeting following the report of the memorial committee, presented by Miss W. Gordon of Kingston.

A technical point, raised by Mrs. E. A. Gooderham and involving a matter of business in the Montreal meeting five years ago, when Mrs. Gooderham was regent, was the matter up for discussion. It evolved around the right of the National Chapter to administer the war memorial fund.

Kills FLIES, MOSQUITOES,
MOTHS, ROACHES, ANTS, FLEAS

The inmates of the Old Men's Home wish to thank their many friends who so kindly remembered them on Victoria Day with gifts of Fruit, candy, cake, pies, ham, cheese, beer and cigars collected by Joe North. The men all thoroughly enjoyed their holiday. They were taken to a splendid portion on Yates Street by trolley to view the parade. They also wish to tender their thanks for the following donations kindly sent during May. Globe

Cigar Stand, papers; reading matter. Miss Grey, Mrs. Kelly, Mrs. Herrin and Mrs. Nixon, per Mr. Joe North, ten tickets to College play; Order of Eastern Star Victoria Chapter 17, per Roland and Mrs. Cooley, magazines; also Mrs. Grogan, Mrs. Armstrong, Mrs. R. W. Reed and Mrs. E. M. Thornton, magazines. Victoria Floral Co., flowers; a friend, one year's subscription Weekly Unity and Mr. Angus, reading matter.

CATHOLIC WOMEN OF CANADA WILL MEET IN CALGARY

Speakers on June 25-30 to
include Miss Charlotte
Whitton.

Calgary, Alta., June 1 (By the Canadian Press)—The eighth annual convention of the Catholic Women's League of Canada will be held in Calgary June 25 to 30 inclusive. Representatives from every province will be present and reports of officers and national conveners to be read will show a vast amount of work accomplished throughout the past year. "A Catholic welcome to new Canadians" has been adopted as the slogan of the league's immigration work, the results of which will be the subject of addresses and discussion.

NATIONAL SCHOLARSHIPS
The fulfilment of the national scholarship project decided upon at the annual meeting at Montreal last year to initiate an educational policy which it is hoped will broaden and grow from year to year will be announced. This scholarship was established as the result of an appeal made by Mrs. J. Coffey, Montreal, National Convener of Education.

Its object is to provide a Catholic high school graduate with a course leading to the university degree of B.A. Because the scholarship was established in the year of the Diamond Jubilee of Confederation the first year's test is an essay on Canadian history, showing what epoch had most influence on the development of Canada. Among the judges will be His Grace Archbishop McNeil of Toronto, Rev. Bro. Rogation, F.S.L. of the Alberta Catholic College, and Dr. W. Atherton, Ph.D., University of Montreal. The scholarship fund is provided by subscriptions from subdivision of the league all over the Dominion.

Prominent speakers, both clerical and lay, will address the delegates at the luncheon and supper hours. At the opening meeting, June 25, Archbishop Henry O'Leary of Edmonton, honorary national chaplain, will speak, as will Bishop Kidd of Calgary.

SOCIAL FUNCTIONS
The national president, Mrs. J. J. Duggan, Edmonton, and the Calgary sub-division are hostesses to the convention. Many social functions have been planned as interludes to the business sessions. These will include a trip to Banff by motor.

The convention banquet will be held Thursday, June 28. At this function members of the league will give addresses on the various national activities of the league such as organization, immigration, travelers' aid, education, child welfare, social service, sister of service, girl guides, law, finance, magazine and juniors. The record of these activities will be recorded from year to year to encourage and stimulate a greater degree of activity in the social action. His Holiness the Pope has approved of the league's work and asked the faithful to pray for its growth.

Among the outstanding women speakers will be Miss Charlotte Whitton, M.A., executive secretary of the Canadian Council of Child Welfare, who has just returned from Geneva, and who will take as her subject, "Child Welfare Work Abroad."

Local Students Successful—At the recent examination of the Trinity College of Music, London, eighteen candidates were presented by the Victoria School of Expression, ten for elocution and eight for solo singing. All were successful in gaining high marks. The minimum mark for a pass certificate is sixty and for honors eighty. The following are the successful candidates and their marks: Maud Allen 80 (honors), Isabelle Thompson 80 (honors), Pauline Haverd 75, Opal Day 73, Celia Lewis 73, Intermediate; Mollie Graham 85 (honors), Muriel Davenport 75, Arabella Hayne 69, Higher local; Ruth Hayman 73, Solo singing, preparatory; Mollie Graham 89 (honors), Norman Clark 80 (honors), May Lewis 73, Noel Johnson 73, Elvira Grey 69, Clarence Kirchin 69, Intermediate; Evelyn Valiant 74, Jessie Stott 71. The purpose of these examinations is to maintain the highest standard of spoken English and voice production in the school, and that their purpose is fulfilled is proven by the results.

Moosheart Legion—Women of Moosheart Legion, Victoria Chapter No. 25, will hold a silver tea at the home of Legionnaire Hatcher, the Armories, Bay Street, next Monday evening, June 4, commencing at 7:30. All Legionnaires and friends are invited to attend.

BEAUTY FROM THE LAND OF STORIES—When beauties from around the world assemble at Galveston, Tex. June 2 to 5, for the International Pageant of Pulchritude, one of the number will be Anna Friedrich from Luxembourg, the tiny country that has furnished the setting for so many operas and romantic stories. Here she is "Miss Luxembourg of 1928." She is twenty-one.

Three Hundred Music Students Take Examinations

Held at Local Centre by London Associated Board
Roy Ellett, R.A.M., Is Examiner

By G. J. D.

In a recent article in the music columns of The Times attention was given to the fact of the increased number of candidates this summer throughout the Dominion entered in the practical examinations conducted by the Associated Board of the R.A.M. and R.C.T. No less than five examiners have been sent out to Canada by this old established institution, four of whom will conduct the examinations in this Province.

The Victoria entrants will be examined by Roy Ellett who will arrive in the city on Sunday, June 10. Mr. Ellett received his appointment as one of the professors of the Royal Academy of Music ten years ago, and when seventeen years of age gained an open scholarship for pianoforte, playing at Hull at the East Riding College of Music. He also holds the "Mark Hambourg" diploma. He has given many recitals in London, and has been on tour with Maud Allen and Leo and Mischel Cherniawsky, and with Dame Clara Butt and Kennedy Rumbold.

It is estimated that over 300 young music students will be examined in this centre beginning on Monday, June 11, and terminating two weeks later, on Friday, June 22. The local schedule, time and place has been arranged in the following order:

Monday, June 11, at Dominion Academy of Music, and on Tuesday, June 12 at same place, the pupils of Miss Audrey Wood and Miss Ozilda Goyette, L.A.B.

In the afternoon of the same day

Your Baby and Mine

By MYRTLE MEYER ELDRED

A FREQUENT PROBLEM FOR MOTHERS

Mrs. L. B. K. writes:

"I have a baby aged nine months who weighed eight pounds at birth and now weighs only sixteen. I believe he is too thin and I want to know how to put weight on him. Besides milk, he gets sweetback, soups, cereal and vegetables. He does not like the vegetables and we have to force him to eat them down. I bought cod liver oil, but did not know how to give it."

ANSWER

The baby has not kept up to the average gain in weight, or he would have weighed sixteen pounds at five months. All foods have the ability to store fat if given in adequate amounts, though some are more fattening than others. The object is not to "fatten" the boy but to bring his diet up to the right one for his age, and then the weight will take care of itself.

Do not force the vegetables. At this age the baby needs only vegetable soup, and if he fusses about this for the time being put one ounce of it, unflavored, with one of his bottle feedings. Otherwise he can have it salted and the vegetables strained out and he will not likely refuse it, if eaten from a spoon and thickened slightly with cereal or with toast crumbs.

His formula should be thirty ounces of milk, ten of water and four and one-half tablespoons of sugar, put into five bottles and fed at six, ten, two, six and ten at night. This is more than the average amount for a sixteen pound baby, but I am figuring it as if he were nearer the weight he should be for his age. Please write for the diet leaflet for this period and ask for the cod liver oil leaflet too. I do not print this information often as it is covered entirely by the leaflets, which may be obtained for only a stamped and self-addressed envelope. Readers before asking questions about diet would save time if they would ask for this leaflet, as it covers all problems of feeding the average child from six weeks to six years. If one reads it thoroughly, not just here and there, all feeding questions will be answered. I know it backward and forward, so you can take word for it that they are following it, I am sure you must have seen it.

Take a box of 4X Downyflakes with you on the run

WHETHER you're going out for the day or just down to the beach take a box of Downyflake Doughnuts in the lunch box. They're more satisfying than candy but every bit as tasty, and youngsters go wild over them. Downyflakes are not greasy, but light, crisp and coated with sugar... just try a box and you'll never travel without them this summer.

Changes in Blood Come With Factory Diseases Nowadays

By DR. MORRIS FISHBEIN

The changes in the human body resulting from exposure to products used in industry are not infrequently apparent on the surface of the body, making themselves known in the form of irritations of the skin and of the mucous membranes. Most often, however, the first signs of industrial damage are changes that take place in the blood.

Dr. Selma Meyer, in Dusseldorf, Germany, has made a special investigation of this point on samples of blood sent

by the inspector of factories in that city.

One of the most serious forms of changes in the blood follows the inhalation of benzol, toluol or xylol results in headache, dizziness, sometimes buzzing in the ears, and nausea.

When the blood is examined, the number of white blood cells is found to be definitely affected, indicating stimulation of the white blood cell forming system. There is also, in severe benzol poisoning, some damage to the red blood cells.

In naphthalene poisoning, the red blood cells are destroyed and the white blood cells stimulated to increase, particularly the small white blood cells. Several instances of fatal poisoning from naphthalene have been reported. Workers with dinitrobenzol and trinitrobenzol and other aromatic nitro compounds became sick very

promptly, within one to three weeks in some instances, with symptoms indicating damage to the oxygen carrying power of the red blood cells, breathlessness, blueness, dullness, and jaundice.

The significant factor in all of these types of poisoning is an increase in the small white cells of the blood. It is the belief of the German investigator that there is a direct action of these poisons on the glands of internal secretion, which are related to blood formation.

Junior W.B.A.—The young members of Queen Alexandra Review No. 1 held their meeting on Tuesday evening, May 29, at the home of Miss Clough, 2864 Blanshard Street, with the president, Miss Reid, in the chair. It was decided to have a concert the second week in June. The next meeting will take place at the home of Miss Clough on June 12.

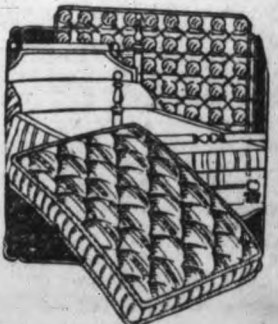

AT GREATLY REDUCED PRICES

Clearing Entire Floor Stock of Beds, Springs, Mattresses

Every Up-to-Date Style

A Price for Everyone's Pocketbook

Because the first boat, this year, from Montreal arrives June 15 with our new shipment of Beds and Springs, we are closing out every last-year sample from our display floor and warehouse to make room for the new designs. If you have a bed purchase in mind it will pay you to take advantage of the special prices being offered. You will find a style and price to exactly meet your requirements if you shop early. Every bed, spring and mattress greatly reduced.

Local Soccer Teams Will Make Real Bid In Connaught Series

Saanich Thistles Have Built Up Strong Club to Face Nanaimo Davenport To-morrow in Opening Game of Series Here; Esquimalt Look to Have Splendid Machine and Victoria City Will Be Well Balanced for Their Tests on the Mainland Next Week; Miners Will Have to Hustle Against Thistles

Victoria soccer teams are now ready to launch the hardest offensive in their history to bring high honors to this city. Three very fine clubs have been built up and entered in the Connaught Cup series, which determines the Canadian football champions. The club managers and players have shown a very sincere desire to get down to brass tacks and make a real bid for the honors. For many years now the local clubs have been forced to play second fiddle to the Upper Island and Mainland eleven, but Victoria will, within the next few weeks, endeavor to provide some surprises for the teams that have been in the habit of taking their number.

FAST, STRONG CLUBS

The three local entries in the British Columbia section of the Connaught Cup series are Esquimalt, who have amalgamated with the Victoria Wests; Victoria City and Saanich Thistles. None of the clubs are going into the fray with the clubs with which they contested for honors in the First Division. They have signed new men and have balanced up their clubs very well.

The first of the three local entries will go into action to-morrow afternoon, when the Nanaimo Davenport are here for a game with the Esquimalt at the Royal Athletic Park. The kick-off will be at 2:30 o'clock.

The Thistles have drawn one of the toughest clubs in the Province for their opening match. The Davenport's comprise most of the Nanaimo players who won the Connaught Cup last year at Winnipeg. In a Province Cup game here several weeks ago the Davenport had all they could do to defeat the Thistles by 3-2. The Thistles are much stronger now and will make the miners hustle all the time.

The Thistles have a strong young club, with a couple of veterans to steady them. If they can get going properly at the start they will prove very dangerous. Hetherington will tend goal for them and Larry Fay will be the full-back. The forward line will be Bob Miller, Joe Crowe and Johnny Ewing. The forwards will include the speedy Sid Phillips at outside, Ben Burns, Biagell and Mike Wagland, who transferred from Esquimalt. Price and Saville have also been mentioned for the team.

With Burns back at centre, forward the Thistles will have a rushing spear-point for their offense. When Burns is off with an ankle the Thistles lacked direction in their offense. Burns is a fast mover, tricky, and has a deadly shot.

OTHER CLUBS IDEAL

The two other Victoria clubs will not play their first round matches until next week. Both Esquimalt and Victoria City must travel to the Mainland for their games. The former meeting Kerrisdale and the latter North Vancouver United.

Esquimalt have built up a very formidable-looking machine, and it should provide plenty of hot competition for every opposing club it meets. Tommy Bridges, regular goalie of Esquimalt, will be between the uprights, and Alex Hood, formerly of the Five C's, and Billy Allen, of the Victoria Wests, will be the full-backs. They will make two exceptionally capable defenders. The half-back line will include Hosmer and Boyd, of Esquimalt, on the flanks, with the aggressive Johnny Peden, of the Wests, at centre half. The forward line has all the earmarks of greatness, and much can be expected of it. Both wings will have great bursts of speed in Cyril Connorton at right and Pat Mulcahy at left. Both boys are from the Wests. The inside positions will be taken by Dave Stewart, of Esquimalt, and Scotty Robinson, of the Wests. The centre forward will be the hustling John Watt, of Esquimalt. There are five forwards that can travel, shoot and pass, and are possessed of a splendid fighting spirit. Louie Decosta will be the spare man and he can fit in at any place, with the possible exception of goal.

CITY WILL BE GOOD

The Victoria City have been very busy rounding out their team. They will have Ben Davies, who played a rattling good game for the Five C's at the close of the regular season here, in goal, and the Campbell boys will be available for back. Jack Clark, a shifty forward, is back with the club, and Clancy, Bigsell, Cameron, Bowman, Smith and the regular stars of the club are all available.

It is expected that to-morrow's game between the Thistles and Nanaimo will attract one of the biggest crowds of the season. The recent rains have put the field in first-class shape.

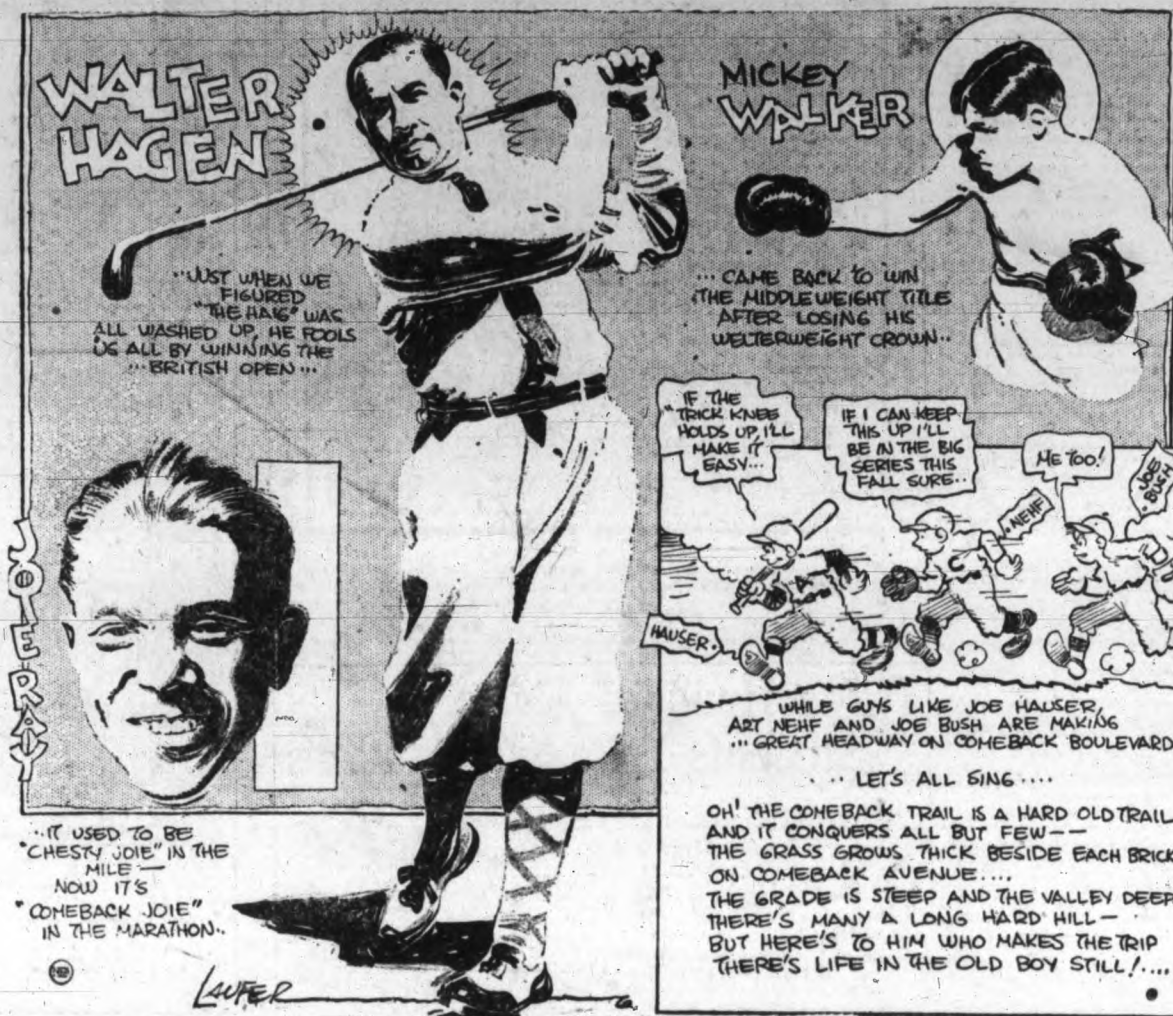

Commercial Ball Teams to Meet in Deciding Games

Westholmes and Sidney, Commercial League ball teams, will meet this evening at the Royal Athletic Park in the deciding game for the first half honors. The teams will start playing at 6:15 o'clock.

A victory for the hotelmen will give them the championship of the first half while Sidney would win the two teams will be tied, making a play-off necessary.

Williams is expected to pitch for Sidney while Dave Donaldson will work on the mound for the Westholmes.

THAT NEW LEASE ON LIFE

Joe Laufer

The fellow that said "They don't come back" is taking them on the chin quite regularly of late. Although every rule is proved by its exceptions, the age-old axiom that athletes never come back after once slipping from the heights, is being refuted so frequently that many of us are beginning to doubt its soundness.

The case of Walter Hagen, who just recently won the British open golf championship, after being declared through by almost every critic of the sport, stands out as the most sensational comeback of the year.

In baseball this year there are almost

a score of aged veterans who are hitching up their belts and proving to the world they are as good as they ever were.

Joe Hauser, after receiving a most serious knee injury a couple of years ago, was considered "all washed up." He was out of the game all last summer and the fickle fans had almost forgotten him.

This year he is back with a bang, keeping the Babe humming for the home run honors of the American League, and playing the bag with a knee as good as new.

Art Nehf, hero of several world se-

ries, looked like a lost cause last year in the uniform of the Cincinnati Reds. This year he is sporting the spangles of the Chicago Cubs and is fooling the batters as of yore.

Joe Bush of the Athletics has been trying a comeback ever since he was let loose from the New York Yankees. From all indications he is going to turn the trick this year and as a member of the team with which he first won fame and the moniker "Bullet Joe."

Joe Ray, once the greatest of American millers, had to give up the hope of making the 1928 American Olympic team as a middle-distance runner and

everyone thought he was through. But Ray said he would go to Amsterdam as a marathoner and in his first race over the cruel distance he finished second in the classic Boston marathon. Since then he has won a race over the marathon distance in record-breaking time. He will be a member of the American Olympic team.

Mickey Walker, when he was relieved of his welterweight championship crown and was stopped a couple of times, gave everyone reason to believe he was finished, but he went back and became middle-weight champion and now after the light-heavyweight crown.

Featured by two home runs, one by Stanyar, of the Sons of Canada, and the other by Nex, of the Eagles, the Senior Amateur League ball game last night at the Royal Athletic Park ended in a 3-3 tie. This is the second successive meeting of the Sons, last year's champions, and the Eagles, in which there has been no decision. A couple of weeks ago they played to a 1-1 draw.

Eric Whitehead and Jimmy Holmes handled the pitching duties for the clubs again. They were the opposing hurlers in the previous draw. Holmes, on the mound for the Sons, was touched up for six hits while Whitehead was nipped for seven safeties. Holmes had considerable trouble locating the plate and as a result ten men received walks.

In the first inning Nex gave the Eagles' fans a thrill by hosting the ball over the fence for a circuit clout. The lodgesmen got runners around to third and second but no further runs were scored.

SONS IN LEAD

The Sons took the lead in the third inning. Stanyar hit one over centre field fence for four bases to start the scoring. Bill Holman got to first on Robinson's error, went to second on the bobbie and scored on Roy Copas's double to right field. In their half of the inning the feathered tribe tied up the score. Johnny Latham looked them over for a walk, went to second on another walk and scored on George Gandy's single the lead again in the sixth. Whitehead reached first on Mawhinney's error. Advancing to third on another hit by George Gandy he raced home on Dunc's sacrifice fly.

SONS EVEN UP

The Sons came from behind in the eighth to even the count. Colin Campbell crashed on a hit for two bases, advanced to third on Roy Copas's grounder, and scored on D'Arcy's sacrifice fly. This brought to an end a thrilling game.

Hap Gandy led the Eagle hitters with three hits while Stanyar and Bacon were the best of the Sons' sluggers with two hits each.

The box score follows:

Eagles: A. B. R. H. P. O. A. E.
Dunc, cf. 3 0 0 1 0 0 0
Nex, 2b. 4 1 1 2 3 0 0

SONS WINNERS OVER SIDNEY

Two Goals By Nicol in Last Quarter Gives Victoria Lacrosse Team a Victory

Showing up to advantage in the final quarter the Sons of Canada scored two goals to notch a victory over Sidney last night in the Victoria and District Lacrosse League. The fixture, played at Sidney, proved very close with the teams evenly matched.

In the first period Sidney had an edge, but the Sons' defence stood up well, keeping their goal clear. The Sons soon got into the game and took the lead when Chapman drove the rubber past Simpson. Two minutes before the end of the quarter Mel Hicks put the teams on even terms.

In the third quarter Sidney took the lead on Joe Mitchell's goal, and although the Sons tried hard to even up, the whistle found the millmen still one goal to the good.

Nicol, playing outside home for the Sons, was the hero in the fourth quarter. Five minutes after the start he beat Simpson with a fast shot. With the score tied the clubs battled tooth and nail for the winning goal and a few minutes before the final whistle Nicol went through on his own to place the ball in the net.

The teams were as follows:
Sons of Canada—Noel, Viggers, Kennedy, Taylor, Oliver, Chapman, Cann, Blair, Burnett and Nicol.
Sidney—Simpson, Norton, Hill, Bowcott, Anderson, Jenkins, Clanton, Mitchell, Mel Hicks and Segelebra.

Around the American League circuit the Tankees have the reputation of being up-stage and snobbish. They don't give the fans much time and lobby handshakers get the stare. But if you went through the experience they did several years ago you, too, would be slow in nipping a stranger.

In the days of their innocence, the Tankees met a Mr. Kelly. He was a swell fellow with a lot of dough and a great nut on baseball. He knew something of the ponies, too, and he made himself solid with the players when he gave them several winners.

Kelly was admitted to the family and when time came for a Western trip they were elated when he told them he had arranged his business affairs so that he could make the trip with them.

He was a great party fellow, too. He entertained the boys wherever he went and they felt they couldn't get along without him.

They had only one worry. Someone was carrying tales to Huggins. Whitey Witt and several of the boys were called in before Huggins in St. Louis one morning, told where they had been the night before and were socked \$50. It became an established fact that some snitcher was at work.

Kelly had his own suspicion and he let the boys in on it. The baseball writer from the New York News had been called in on the road and Harry Newman, the boxing writer, was sent to sub for him. The players didn't know Newman and they ate up the suggestion that he must be the spy. Dire plans were being hatched for him when the club reached Detroit.

In Detroit Kelly told the boys that he could not accompany them back home. He was going to spend a little time around the tracks and he promised to let them in on anything that he picked out of the feed boxes.

As a farewell party he proposed a party in a brewery that he knew about and the bunch was all willing. During the course of the party Kelly gave a very touching valedictory. He told them of the great sorrow that had overcome him. He spoke of the cruel fate that had to part them and he proposed that as a souvenir, a picture be taken of the party.

The picture was taken. The Babe and others had their arms around him and a glass raised in a toast. No title or descriptive lines were needed for the picture.

The next morning the boys were called into Huggins' room, one by one, shown the picture and given the bad news. The bad news was from \$100 upward.

The boys are still looking for Mr. Kelly and the death penalty on Newman, the innocent scribe, was called off.

Looking Things Over

"Yes its Old Nuisance calling again and I want to know whether they are going to make soccer a twelve-month game like pardsell, bridge and a lot of our other great national pastimes?" Old Nuisance, as he prefers to call himself, has got into the habit of making a morning telephone call to get some kind of a kick off his chest. Perhaps his wife won't listen to him and he inflicts it on us.

"I see they have a soccer game billed for to-morrow afternoon and the baseball boys are going to play at night," resumed Old Nuisance. "This soccer game ended several weeks ago in Scotland, where they started the game, and in England, where they adopted it to be in style, yet out here we're still going. And by the looks of things it'll be going for some time yet. The only way we can end the thing is to have all the local teams knocked out in the first round, but civic pride forbids me wishing any such harm to the local boys.

"I used to play the game. Sure I missed getting capped in England. I don't see how these fellows play in the hot weather. We will only have about two month's holiday from football and it will be on us again. I think they ought to cut the season shorter and give the other sports a chance to get in their licks."

The soccer season is too long but if local teams wish to enter national competition for the Connaught Cup they must play at this time of the year. East of the Rockies, where they are snowbound for six months of the year, they play their football in the summer months. The coast season is finished by the time they start. The Dominion Football Association sets the Connaught Cup series when the Eastern teams are able to play, and if the British Columbia teams wish to participate they must conform to the plans. Victoria this year has three clubs entered and they should go quite a way in the play-offs.

Around the American League circuit the Tankees have the reputation of being up-stage and snobbish. They don't give the fans much time and lobby handshakers get the stare. But if you went through the experience they did several years ago you, too, would be slow in nipping a stranger.

In the days of their innocence, the Tankees met a Mr. Kelly. He was a swell fellow with a lot of dough and a great nut on baseball. He knew something of the ponies, too, and he made himself solid with the players when he gave them several winners.

Kelly was admitted to the family and when time came for a Western trip they were elated when he told them he had arranged his business affairs so that he could make the trip with them.

He was a great party fellow, too. He entertained the boys wherever he went and they felt they couldn't get along without him.

They had only one worry. Someone was carrying tales to Huggins. Whitey Witt and several of the boys were called in before Huggins in St. Louis one morning, told where they had been the night before and were socked \$50. It became an established fact that some snitcher was at work.

Kelly had his own suspicion and he let the boys in on it. The baseball writer from the New York News had been called in on the road and Harry Newman, the boxing writer, was sent to sub for him. The players didn't know Newman and they ate up the suggestion that he must be the spy. Dire plans were being hatched for him when the club reached Detroit.

In Detroit Kelly told the boys that he could not accompany them back home. He was going to spend a little time around the tracks and he promised to let them in on anything that he picked out of the feed boxes.

As a farewell party he proposed a party in a brewery that he knew about and the bunch was all willing. During the course of the party Kelly gave a very touching valedictory. He told them of the great sorrow that had overcome him. He spoke of the cruel fate that had to part them and he proposed that as a souvenir, a picture be taken of the party.

The picture was taken. The Babe and others had their arms around him and a glass raised in a toast. No title or descriptive lines were needed for the picture.

The next morning the boys were called into Huggins' room, one by one, shown the picture and given the bad news. The bad news was from \$100 upward.

The boys are still looking for Mr. Kelly and the death penalty on Newman, the innocent scribe, was called off.

The boys are still looking for Mr. Kelly and the death penalty on Newman, the innocent scribe, was called off.

The boys are still looking for Mr. Kelly and the death penalty on Newman, the innocent scribe, was called off.

The boys are still looking for Mr. Kelly and the death penalty on Newman, the innocent scribe, was called off.

Pittsburgh, Crippled, Are Headed Right Out Of All Consideration

Pirates, Who Won National League Championship Last Year, Get Along on Makeshift Lineup and Manage to Win Yesterday to End Losing Streak of Six Games; Sisler Gets His First Home Run in National League; Yanks Win as Usual and Babe Ruth Tickets Win Another Home Run

Apparently headed straight out of pennant consideration, the Pittsburgh Pirates, National League champions last year, have checked their losing streak at least temporarily. With their infield still a makeshift affair, the floundering Pirates, harassed at every turn, pulled themselves together at Forbes Field yesterday and nosed out the St. Louis Cardinals 3-2. That victory checked the Pirates' run of defeat at six in a row and sent the Cardinals into fourth place in the standings.

Paul Waner's triple and Glenn Wright's single accounted for the winning run in the ninth with two down.

George Sisler hit his first National League home run as the Boston Braves made it four in a row from the down-trodden Phillies, 5-4.

The news along the American League was much as usual, the New York Yankees shutting out the Washington Senators 4-0.

Babe Ruth got his fourteenth homer of the season. He almost made it two for the game in the fifth, when he tripled to deep centre and then was caught at the plate when he tried to stretch it.

Cleveland took its third straight beating from the Detroit Tigers, 9 to 4. The St. Louis Browns and Chicago White Sox ended all square after a double-header at St. Louis. Lyons held the Browns to seven scattered hits in the first game, the Sox winning 7 to 2. The Browns took the second game 2-1. Yesterday's results were:

AMERICAN LEAGUE
At New York—R. H. E.
Washington 0 5 0
New York 4 9 1
Batteries: Hadley, Marberry and Ruel; Penneck and Collins.

At St. Louis—R. H. E.
First game—
Chicago 7 10 1
St. Louis 2 7 0
Batteries: Lyons and McCurdy; Blacholder, Witte, Strelick and Schang.

Second game—
Chicago 1 5 1
St. Louis 2 8 2
Batteries: Adkins and Crouse; Gray and Manion.

At Cleveland—R. H. E.
Cleveland 5 11 0
Detroit 1 6 1
Batteries: Gibson and Shea; Shaute, Buckeye and L. Sewell.

Philadelphia-Boston—rain.

NATIONAL LEAGUE
At Philadelphia—R. H. E.

Two Boxing Cards Are Arranged By Local Boxing Club

The Victoria Boxing Club is planning to stage two boxing shows this month. The first will be held on Saturday.

Keeps Skin Soft and Velvety

If you will apply a little pure mercurized wax to the face as soon as it begins to show signs of freckles, tan, sunburn or dry, parchy skin you will find that the wax will peel them away, gently but surely a little each day, until all the blemishes have disappeared. The underneath skin will be revealed soft, smooth and velvety, with the delicate coloring of a rosebud. It is really wonderful. At all drug stores and beauty counters. Mercurized wax brings out the hidden beauty. To quickly remove wrinkles, use as an astringent one ounce powdered sakote and one half-pint witch hazel.

June 9, at the Victoria West gymnasium, and the second on June 21.

The first show will consist of a programme of six four-round bouts in which local boxers will compete against outside talent.

The second show will bring together a boxing team representing U.S.S. Pennsylvania and the pick of the club's boxers. The programme will consist of a ten-round main event, six-round semi-windup and four preliminary bouts.

Auteuil Tennis Is Stopped by Heavy Storm

Auteuil, France, June 1.—A severe electrical storm to-day interrupted play in the international hard court tennis championships after Kea Bouman of Holland had defeated Madame Vaussard of France, 6-0, 6-0, in the women's singles quarter finals. All other matches were cancelled. The men's sets were set for Sunday and the women's for Monday.

Fred Parker Is J.B.A.A. Winner Junior Road Race

Spectacular finish Provided By Young Runners; Less Than Minute Between Six

In the annual three-mile road race for juniors staged by the J.B.A.A. last night Fred Parker was the winner in a thrilling finish. Lennox Davies was second and Bill Stancil third. Fourteen runners competed.

Starting from the clubhouse at the Gorge the runners proceeded along Tillicum Road and back Craigflower Road to the clubhouse. At the finish six of the boys were together and the race was decided on the final spring. Forty-five seconds was all that separated the first six.

The first three runners were presented with medals donated by R. F. Taylor, president of the club.

COURTENAY TO PERFORM HERE

Will Oppose Capitals Tomorrow Evening in Island League Ball Fixture

Victoria Capitals expect their stiffest opposition so far this season when they stack up against Courtenay in an Island League fixture at the Royal Athletic Park to-morrow evening. The game will get under way at 6 o'clock.

Local fans will take added interest in the Courtenay club through the fact that Johnny Cummings, a former Victoria boy, is playing short stop for them. Johnny performed on a number of local teams some years ago and is a first-class player. A little brotherly competition will enter into the game as Johnny's younger brother Herb will play second base for the Capitals. The playing of the two brothers will be watched with interest.

DANGERFIELD ON DECK

Jimmy Dangerfield, star hurler on the Capitals, will take the mound for them. At present he has performed in two games and has won both of them. In the two games he has struck out fifteen men each time. Ray Parfitt will be held in reserve.

Courtenay are known to have a strong club but no word has yet been received as to who will pitch for them. They have two or three good hurlers.

Dalhousie Girls Badly Beaten by Edmonton Grads

Edmonton, June 1.—The Dalhousie University girls, of Halifax, were no match for the Edmonton Commercial Grads, Canadian basketball champions, in the opening game of the series for the Dominion title here last night. Flashing a brilliant basketball and maintaining the pressure from whistle to whistle, the Grads romped away with the game to the tune of 64-6.

The Easterners were never in the picture, and the game was well under way before they even managed to chalk up a point.

KEEP YOUR EYE ON

FRED BLAKE
Chicago Cubs

No other pitcher with the Chicago Cubs last season could command much attention as long as Charley Root stood out as the great winning star of the season. There were other good workmen on the staff, however, and Sheriff Fred Blake was one of them. He won thirteen games and lost fourteen, and in games won and lost was eighteenth in the league, but the earned run average against him was only 3.29, and ranked him ninth, ahead of Root. He is a quiet-mannered fellow and keeps pretty much to himself. He lives twelve miles up the Midland trail from Charleston, W. Va., and the folks in Charleston didn't see him all winter. He has won his first five stars this year with the Cubs and looks like a sure star for the season.

Loughran Will Defend Title Against Latzo

New York, June 1.—Tommy Loughran, the light heavyweight champion, scaled 173½ pounds, and Pete Latzo, his challenger, 168 pounds, in the offices of the New York State Athletic Commission this afternoon when they weighed for their championship bout at Ebbetts Field to-night.

COWICHAN TO PAY A VISIT

Up-island Cricketers to Make First Appearance of Season Here To-morrow

Both matches in the Victoria and District Cricket League will be played in Victoria to-morrow afternoon.

The Cowichan eleven will pay their first visit to the city and will meet the Albions at Beacon Hill.

The Innoces will engage the Five C's at Mt. Tolmie.

The Victoria Cricket Club holds the bye.

Cowichan have not started very auspiciously this season. On the opening day they held a bye and on the two succeeding Saturdays they lost their matches.

The Five C's will line up as follows: Eden Quainton, Eric Quainton, H. Edwards, E. Butterworth, W. H. Penderay, A. Lea, A. J. Darcus, J. Payne, A. Geddes, C. Pillar and C. M. Galt, umpire, R. H. Barker, scorer, J. A. Longfield.

The Albions will be as follows: N. F. Pite, F. Jordan, E. D. Freeman, W. D. Freeman, A. H. Adams, S. W. Barclay, H. Lethaby, C. G. McMillan, E. Parsons, J. Oakman and W. Enoch.

Canadian Water Mark for Dash Cut by Bourne

Montreal, June 1.—A new Canadian swimming record was made last night at the Knights of Columbus tank when Monroe Bourne, Montreal, covered the 300-yard free style in 2 minutes 9 4-5 seconds.

Uplands Ladies To Play a Golf Match

The draw for the medal round to be played to-morrow at the Uplands Golf Club by the ladies is as follows:

MORNING
Mrs. Wilding and Mrs. Semple.
Mrs. Boyle and Mrs. Boyd.
Miss Mazzoline and Miss McNeill.
Mrs. Jackson and Mrs. Eve.

AFTERNOON
Mrs. Turnbull and Mrs. P. C. Elliott.
Mrs. J. D. Elliott and Mrs. Cameron.
Miss Cass and Miss Hiscocks.
Mrs. Hargreaves and Mrs. A. N. Other.

slow, 1.43 1-5, due to a strong head wind in the early part of the race. General Grant, owned by E. Cabrian, won the new Liberty Purse, feature at Churchill Downs, with Col. Shaw second and Irish Pal third. The son of American Ace-Prim: Lady broke fast and led through the six-and-one-half furlong sprint, finishing in 1.19 2-5 to lead Col. Shaw by a head. The latter finished well and came close to nipping the winner at the wire. The winner paid \$10.45 for each \$2 ticket. At Thorncliffe the feature race, the Caledonian Handicap for three-year-olds and up, foaled in Canada, went to Attack and Neeran finishing second and Beau of the West third. The winner covered the mile and seventy yards in 1.44 3-8.

TENNIS TALKS

"Keep Your Eyes On Ball" Is First Rule of Tennis

By GEORGE M. LOTT JR.

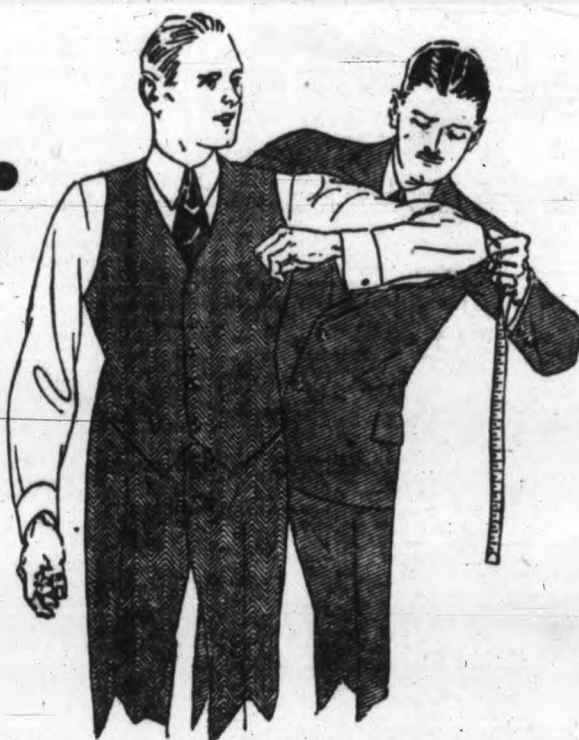

It is necessary in tennis, as in other sports, to keep your eye on the ball. We know what happens to the golf player when he takes his eye off the ball just as he is to hit it. The same thing happens to the tennis player. The ball flies off at an angle, way out of the court.

There always has been some dispute among players and critics as to just how the eye is on the ball when the shot is being made. Some say the eye leaves the ball just before it is hit and others say the eye stays with it until it comes in contact with the racket. I am inclined to agree with the latter. The fact that the direction of the shot is determined by the position of the feet leads me to believe the eye follows the ball up to the point of contact with the racket because the only reason the eye would be lifted would be to fix the direction. Therefore if the feet were in the proper position it would be no use to lift the eyes.

But it is agreed that the eyes must follow the ball from the minute it is hit from the opponent's racket until it reaches a point directly in front of you. It is very simple why this should be done. Watching the feet of your opponent will give you the general direction of his shot, but not the exact spot. Watching the ball all the way there is little danger of mis-hitting or mis-hitting the ball.

In the service the ball should be watched until it is hit by the racket. This helps the timing of the shot and gives it more speed. Also it lends deception, because by looking at the ball you give no clue as to where the ball is going.

After all!

there's nothing like tailored to measure Clothes!

SAN FRANCISCO SHIPPING

San Francisco, June 1.—With Capt. Robert E. Carey on the bridge, the Dollar liner President McKinley arrived here early yesterday from the Orient with 140 cabin and 426 steerage passengers. Of the cabin passengers, 126 departed here while the rest will continue on to San Pedro when the liner sails from here Saturday. Among the passengers arriving on the vessel was Capt. G. Anderson, marine surveyor of Hongkong, who is on his way to Europe for a vacation.

The steamer Celtic, formerly a naval collier, sailed from here yesterday in the service of the Dollar Steamship Company, bound for Pearl Harbor, Guam and Cavite. The Celtic left port with 7,600 tons of cargo, mostly for the United States navy. She is on her first voyage in the commercial service, after having left here since April 22, 1923.

Horace W. Dowd, purser of the Panama Pacific liner Mongolia, now in port here, returned yesterday from a trip to the southern part of the United States. He left the ship at San Pedro and will resume his duties aboard it here.

Summer Time brings Low Fares
on the Northern Pacific

VICTORIA'S TRADE WITH THE WEST COAST INCREASING

Reduction Plants, Canneries, Stores Deal Through City

Lumber, Supplies and Groceries Form Major Part of Shipments Going By Rail and Steamship From Victoria to Points on West Coast of Island; New Plants for Fish Reduction Aid Increase of Trade

With steadily increasing settlement and investment on the West Coast of Vancouver Island, especially in the fishing industry, Victoria benefits materially, it is indicated in the annual growth of shipments of various products out of this port.

By steamers sailing three times a month from Victoria, capacity loads are now being taken, the shipments including lumber for new fish plants, stores and other structures, general supplies of all kinds and groceries for the ever-growing population on the coast.

Wholesale houses here have a distinct advantage in this trade, the element of time entering especially into the shipment of perishable commodities. For this reason many of the West Coast firms having headquarters on the mainland ship their supplies through Victoria houses, since this is the last port of call before the vessel leaves for the coast.

RUTH ALEXANDER IS DELAYED BY HEAVY HEAD WINDS

More than eight hours behind schedule on account of heavy head winds encountered at the entrance to the Straits, the Pacific Steamship Company's coastwise liner Ruth Alexander did not dock at the Rithet piers from San Diego, Los Angeles and San Francisco until 8:30 o'clock this morning. Seventy-five passengers and fifty tons of general cargo were left at this port before the Ruth proceeded to Seattle at 8:45 o'clock to commence loading for a return trip to the South on Sunday morning.

Deputy Minister To Head Fisheries Department Asked

Montreal, June 1.—Creation of a separate Federal department of fisheries, with a deputy minister at the head of it, is asked on a resolution sent to Premier King yesterday by the Canadian Fisheries Association. The resolution was sponsored by A. L. Hager of Vancouver, B.C., and was unanimously passed.

WILL TAKE FIRST C.N.R. TRIP OF SEASON TO ALASKA

of the Canadian National Railway's British Columbia coastwise service which will take the first trip of the C.N.R. schedule, arranged for the summer months, out of Vancouver on Monday evening, June 11, at 8 o'clock. The Prince George with her sister ship the Prince Rupert, will take thirteen round trips to Skagway during June, July and August, with calls at Prince Rupert, Ketchikan, Taku, Glacier, Juneau and Wrangell. The Prince George will leave Vancouver at 8 p.m., on June 11, June 25, July 9, July 23, August 6, August 20, and September 3, while the Rupert will take trips out of Vancouver on June 18, July 2, July 16, July 30, August 13, August 27. These ships will give a fast and comfortable passage to Alaska, travelling through the famous inside route. Both vessels are twin screw, oil burning steamships, with luxurious appointments in their public rooms and staterooms, all of which are open. Eight full days are spent on the steamer as she steams among the island-dotted route to Alaska, past mighty glaciers and towering mountains, with calls at picturesque towns and settlements all along the route.

Washout on C.P.R. Disrupts East And Westbound Traffic

Vancouver, June 1.—A small washout on the line of the Canadian Pacific Railway, thirty-five miles west of Revelstoke, disrupted east and westbound traffic at 5 p.m. Thursday. The washout occurred at approximately the same place as last Sunday, when the railway line was swamped for a short distance by high water.

Shipping Figures Heavy During May

Nearly 100,000 Tons of Shipping More Than in April Entered and Cleared at Victoria During Last Month; More Than 300 Vessels Call at Port

O.S.K. LINER IN TO-DAY FROM ORIENT PORTS

With one of the largest passenger fleets of the year, 187 in all classes, the Osaka Shosen Kaisha liner Alabama Maru arrived at the William Head quarantine station this afternoon at 2:30 o'clock from China and Japan, docking at the Rithet Quay. Ninety-two passengers left the vessel at this port, two first cabin and the remainder steerage. There was only a light cargo for this port, however. Nearly 3,000 bales of raw silk were on the vessel for discharge at Seattle from where it will be shipped east to New York. After remaining a few hours in port the vessel left for Seattle and other Puget Sound ports.

Marine Information Offices May Be At Rupert and Victoria

Vancouver, June 1.—The necessity for central offices at Victoria and Prince Rupert, as well as at Vancouver, where notices, charts and other marine information may be seen, was urged by members of Vancouver Cogulac Corp. at a luncheon at the Hotel Georgia yesterday. It was decided to communicate with Lieut.-Colonel A. W. R. Wilby, marine agent of the Department of Marine and Fisheries at Victoria, asking if he could arrange for such offices to be opened.

This action was the result of an address given by Eustace B. Shearman, manager of the Vancouver office of the Dominion Meteorological Service, who was the guest of honor at the luncheon.

BIG FINANCIAL FIRM FORMED

Financial Firm Incorporated in Seattle at \$5,000,000; Will Aid Industries

Seattle, June 1.—The organization of a \$5,000,000 financial corporation to be known as the National Discount Corporation and to be used for the purpose of lending financial aid to Pacific Northwest industries to any extent they may need and merit, was announced here late today by Douglas Ball, who will be its president.

The organizers include forty business men and bankers and industrialists of the principal cities of Washington.

A board of governors, composed of representative men from different parts of the state, will act in an advisory capacity.

The chief business of the new company will be loaning of capital to existing businesses and manufacturing plants, the handling of trade acceptances, warehouse receipts and acting as a rediscount centre.

CHEMIST DISCOVERS 187 BY-PRODUCTS IN DISCARDS OF CROPS

Ames, Ia., June 1.—After thirty years of experimentation, Dr. O. R. Sweeney, professor of chemistry at Iowa State University here, says he has found enough waste for wasted products of the farm to revolutionize farming, raise the price of land and bring much bigger profits to the farmer.

Dr. Sweeney's discoveries and conclusions are upheld by such authoritative institutions as the U.S. Department of Agriculture and the American Chemical Society.

According to the latter, proper conversion of farm products in the United States would mean an annual gain in the value of farm products of not less than three billion dollars! How this enormous sum can be saved the farmers each year will come under discussion at the Institute of Chemistry planned for July 23 to August 18, at Northwestern University, Evanston, Ill.

CORN COB IS VALUABLE

Dr. Sweeney says that he has found 187 uses for products of the farm, which are now wasted. The corn cob alone, which heretofore has been burned up, has become the source of fifty-five commercial products of considerable value, according to this scientist. One of the products, corn cob flour, promises to be a big economical factor in the plastic arts.

Besides this flour, Dr. Sweeney has succeeded in getting acetic acid, alcohol, butanol, gunpowder, charcoal, artificial silk, sweeping compound, a substitute for bark in white lead manufacture, powder fuel, oxalic acid, pitch, punk, glue, dynamite, absorbent and many other by-products.

Out of corn stalks, Dr. Sweeney has obtained alpha cellulose, bedding for stock, building blocks, cellulose nitrate and acetate, artificial silk, wall board, pyroxylin, lumber substitute and many chemicals.

Dr. O. R. Sweeney

Of what considerable influence the use of waste has on the economic independence of the United States, is shown by the work of the farm waste division of the U.S. Department of Agriculture, in the production of fertilizer.

HOW PRICES DROP

Fertilizer, which is extensively used in the production of synthetic resins, used to cost \$30 a pound before 1922, when it was considered a chemical curiosity. To-day, thanks to this division, it is produced from farm wastes at the rate of more than half a million pounds a year and is sold for ten to seventeen cents a pound!

By producing a mold on corn sugar, the same division has succeeded in obtaining the hitherto rare gluconic acid. That used to cost \$100 a pound. To-day it is obtainable at a much more reasonable figure.

On the strength of Dr. Sweeney's discoveries here, three factories have been started in Iowa for the production of products from farm wastes. In addition, it is said, Dr. Sweeney has had several offers from Eastern capitalists to go to New York and participate in the formation of an organization for the exploitation of farm wastes.

Cumberland

Cumberland, May 31.—Review No. 17, W.B.A. celebrated its twentieth birthday at a well attended banquet Monday evening. Over 150 members, their husbands and guests, attended. A small central table was reserved for mothers who have daughters in the lodge. Among the guests present were the Rev. and Mrs. E. O. Robathan, the Rev. and Mrs. J. Hewitt, Dr. and Mrs. G. K. MacNaughton, Dr. and Mrs. E. R. Hicks and Mrs. F. P. Harrison. An interesting programme followed the banquet. Mrs. Covert, past president, acting as chairman. Toasts were proposed to "Canada" by the Rev. J. Hewitt; to the "Guests" proposed by Mrs. Covert, responded to by Dr. E. R. Hicks, who briefly sketched the many occasions in this district on which the W.B.A. has proved its worth; the "Press," proposed by the Rev. E. O. Robathan, responded to by Mrs. J. S. Cameron; to "Our Order," Review No. 17, W.B.A. proposed by the president, Mrs. Grace McNeil, responded to by Mrs. W. Hudson, who gave a brief history of the organization and its activities. The W.B.A. was founded by its supreme president, Miss Nina M. West, October 1, 1892, and she has since guided its progress. From small beginnings it has grown into a large institution. It is managed by women, maintained by women and its ideal is the protection of the home. It has a reserved fund of over \$20,000,000. It issues all forms of protection best suited to women. Mrs. F. Parkinson proposed a toast to the "Medical Examiners," responded to by Dr. G. K. MacNaughton; "Our Charter Members" was proposed by Mrs. S. David, and responded to by Mrs. J. Gillespie; "Our Mothers" was proposed by Mrs. D. Somerville, responded to by Mrs. A. Lockhart. Others who contributed to the programme were Miss Jermina Mitchell, Mrs. J. Bird, Mrs. S. Davis, Mrs. W. Hudson and Mrs. V. Frelone. Following the programme the daughters, whose mothers are also members of the lodge, presented their mothers with baskets of candy. To Mrs. Balagno was presented, in addition, a bowl of pansies in recognition of the fact that she has not only a daughter, but also

a granddaughter in the lodge. Those who were so honored were Mrs. Balagno, Mrs. J. Davis, Mrs. Lockhart, Mrs. Young and Mrs. Baird Sr. Mrs. Maxwell, who was unable to be present through serious illness, was remembered with a few moments silent prayer. The handsome cake which graced the central tables, was cut by Dr. G. K. MacNaughton, after Mrs. MacNaughton had made the first incision.

The Linger Longer Club entertained at a jolly party Monday evening in the Anglican Hall, at which members and a few invited guests were present. Some interesting and amusing games and stunts occupied the first part of the evening, refreshments were served and dancing was enjoyed till midnight. William Whyte, president of the club, on behalf of the members, presented Mr. and Mrs. William Bennie (nee Miss Buchanan) with a handsome gift as a compliment on their marriage, expressing the good wishes of the club for their future happiness. Mr. Bennie responded, thanking the club for their expression of good will. Dr. G. K. MacNaughton and James Dick, also made a few appropriate remarks. J. Robertson, who had given his services as doorman at the club's dances during the last season, was presented with a small token of appreciation.

The following officers for the 1928-29 season of the F.O. 1553, F.O. E. were elected at the last meeting of the lodge, and will be installed on June 5, when it is expected that there will be a large attendance of Eagles from all over the district. Worthy past president, Thos. Carney; worthy president, Thos. Bate; worthy vice-president, Chas. Bradley; secretary, Jas. Smith; treasurer, J. H. Robertson; chaplain, F. Bradley Jr.; inside guard, John Brown; outside guard, E. Shields; trustees, R. Coe, W. C. Collins and John J. Davis.

Cumberland, May 31.—G. W. Clinton, American consular agent and managing director of the Cumberland Electric Lighting Company and Cumberland and Union Waterworks Company, has returned from a trip to Australia and New Zealand, which he undertook for the betterment of his health. While in New Zealand Mr. Clinton, in the course of an interview published in The New Zealand Herald, spoke optimistically of the future of pulverized coal, prophesying that in a few years, coal powder, sprayed into furnaces of ocean-going liners, would rival oil fuel in economy and efficiency. Mr. Clinton spoke of the processes which are under investigation by the United States Bureau of Science, and added that the Provincial Government of British Columbia was already experimenting with powdered coal in the heating of Government buildings. The best coal for this purpose, he explained, was anthracite, or coal which contained a high percentage of fixed carbon, lignite was unsuitable. The coal obtained on Vancouver Island was semi-anthracite and was eminently adapted to these requirements.

Miss Kate Richardson, whose marriage takes place on June 9, was the recipient of a number of pretty gifts at a small informal gathering of friends of the family at the Anglican Hall on Wednesday evening. Some good games of dominoes were enjoyed and refreshments were served.

Mrs. G. K. MacNaughton and Miss

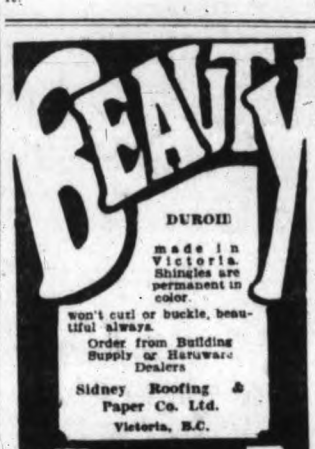

Dot Maxwell were joint hostesses at tea at the home of the former, on Wednesday afternoon, in aid of the Cumberland Tennis Club.

The first meeting of the reorganized Cumberland Board of Trade was held on Tuesday evening in the City Hall. The following officers have been elected and the following committees appointed: Honorary president, Lieut.-Col. C. W. Villiers; honorary vice-president, T. Graham; president, R. C. Lang; vice-president, E. W. Bickle; secretary, P. C. Brown; treasurer, William Eadie; committee, J. Mann, A. McKinnon, L. R. Stevens, A. Henderson and W. Hudson Jr.; membership committee, Messrs. Eadie, McKinnon and Caven; transportation committee, Messrs. McNiven, Hudson and Wilcock; publicity committee, E. W. Bickle, C. Spooner. A number of representatives of the Courtenay Board of Trade, headed by Leo Anderson, were present and congratulated the Cumberland board on its reorganization. The principal objective for the coming season will be the promotion of the highroad between Comox district and Alberni, in which endeavor the Boards of Trade of Cumberland and Courtenay will co-operate with the Board of Trade of Alberni.

Mrs. C. Hitchens and two children, who have been visiting Mrs. Hitchens's parents, Mr. and Mrs. J. L. Brown, for the past few weeks, left on Monday for their home at Woodville, B.C. Previous to her departure Mrs. Hitchens was the guest of honor at several interesting social events. On Friday afternoon Mrs. J. Baird entertained at tea, and on Friday evening Mrs. J. Vaughan entertained at cards.

EXCELLENT REASON

Customer—Are you sure it's an exclusive perfume?
Clark—Oh, yes, madam. Only a very few persons can even pronounce it.

NEWS IN BRIEF

The regular monthly meeting of the Lake Hill Community Centre will be held in the hall to-night at 8 o'clock.

All members of the Real Estate Board of Victoria will be requested to close their offices on June 4, which will be celebrated as the King's birthday, it was decided at the meeting of the board to-day.

The usual monthly meeting of the B.C. Provincial Rabbit Breeders' Association will be held on Tuesday, June 5 at 8 p.m. at the Y.M.C.A. The subject for the monthly talk will be "The Layout of the Rabbitry."

For failing to produce his driver's license upon the request of a police officer, H. A. Blakey, Brentwood Bay, paid a \$5 fine in the Saanich Police Court yesterday afternoon. I. R. A. Courtney, Resthaven, Sidney, also paid a fine on a similar charge.

The city has received a number of applications for the post of assistant engineer. The applications came from local and mainland sources, and have been placed before the civic service committee for report to the city council at its next regular meeting.

Charles A. Bingham appeared in the City Police Court this morning to face a charge of indecent exposure. Magistrate Jay, after hearing the evidence for the prosecution and defence, remanded the case until next Wednesday for consideration. He will give his decision on that day.

Nellie Anderson, charged in the City Police Court this morning with being in illegal possession of certain surgical instruments, was remanded until tomorrow morning. Evidence for the prosecution was heard this morning. The remand was asked in order to give her counsel, Stuart Henderson, an opportunity to secure bail.

The regular monthly meeting of the Victoria Welsh Society will be held this evening in the Harmony Hall, Port Street, at 8 o'clock, when moving pictures of the Canadian outdoors will be shown through the courtesy of the Canadian National Railways. Members will also have the opportunity of meeting Dignified Williams, the author-lecturer of San Francisco. Refreshments will be provided.

TERM REALTOR IS TRADEMARK

The term "realtor" is registered in Canada as a general trade mark. Victoria Real Estate Board has been informed by the general counsel of the National Association of Real Estate Boards. The board sought this information following a decision to take action against the usage of this title by firms who were not eligible to do so.

Before taking any direct action, the board was asked to communicate with H. H. Davis, Toronto, associate counsel for the national association. Secretary Hubert Lettaby stated at a meeting of the board to-day, that he had asked further information on the matter from Mr. Davis.

WILL PROTECT FLOWERS

Flowers and Lawns of Parliament Square to Be Safeguarded

Roses and other flowers now in bloom in front of the Parliament Buildings which annually attract the admiration of thousands of visitors are proving too great a temptation to some flower lovers. After gardeners had reported to the Public Works Department to-day that many blossoms had been picked in the last few days, Provincial Police and night watchmen in charge of the Parliament Buildings were instructed to keep a close watch on the rose beds.

The flowers are intended for the enjoyment of the public, it was explained, but are not intended for picking. Evidently this fact has not been fully understood, as one man yesterday started to help himself to a large bouquet while gardeners were at work only a few feet away. He explained that he thought the flowers were intended for anyone who wanted them.

Gardeners are also concerned over the habit of some people in walking over the lawns. It was explained that warning people off the grass has been placed on the lawns on the assumption that the public would protect its own property. Recently, however, some people have made a habit of taking short cuts across the grass and wearing trills upon it.

Serious damage to the grass, shrubs, trees and ivy of the grounds was done by crowds celebrating Victoria Day.

FRED SPENCER TO OPEN STORE

Enterprising Victoria Merchant Introduces New Idea in Selling Methods

Fred Spencer, owner of the General Warehouse, will change to his new location in the old Woodworth Building on Government Street to-morrow with a \$50,000 stock of general merchandise. The store is now being arranged to conform with the new style of selling Mr. Spencer will introduce.

Mr. Spencer spent some time in the United States last year studying the different methods of presenting merchandise to the buyer, and was much impressed by the "cash" system. His plan is to present the goods to the customer for inspection by himself and to determine just what he wants to buy without any coercion by clerks.

"By my method," Mr. Spencer stated, "a man comes into the store prepared to spend a certain sum for a certain article, and he does not feel obliged to pay more than he wishes to spend. The goods are all laid out on counters for him to see. He makes his selection and then all he has to do is to carry the article to the wrapping counter and give Mr. Spencer the money." This is made possible by the large floor space in the new site, which makes it possible for Mr. Spencer to display everything in wearing apparel on his counters.

The quality of the goods for the price is made possible owing to the fact that Mr. Spencer imports his wools direct from England, where he has his own buyer.

The staff has been augmented by seven members in anticipation of the coming business.

AWARD TRANQUILLE BUILDING CONTRACT

Contract for the construction of five doctors' residences and an addition to the nurses' home at Tranquille Sanatorium, Kamloops, was awarded by the Public Works Department to the E. J. Ryan Construction Company, of Vancouver, whose tender of \$64,000 was the lowest received. The electrical contract for the same was awarded to the Hume & Rumble, of New Westminster, on a tender of \$8,000. Work will be started immediately.

OBITUARY

There passed away yesterday afternoon at the family residence, Beckley Street, James Bay, Elizabeth Rowe, wife of Peter Rowe. The late Mrs. Rowe was born in Cornwall, England, sixty-five years ago, and had been a resident of this city for a number of years. She leaves to mourn her loss two daughters, the Misses Lavada and Maud Rowe, five years ago, and had been a resident of this city for a number of years. She leaves to mourn her loss two daughters, the Misses Lavada and Maud Rowe, five years ago, and had been a resident of this city for a number of years.

Mrs. Lydia Jane Crawford, a native of Ontario and a resident of British Columbia for many years, passed away yesterday in Vancouver. The late Mrs. Crawford leaves to mourn her loss two sisters, Mrs. F. S. Salsbury of Vancouver and Mrs. A. Smith of Toronto. The remains were brought to Victoria this morning and are being held in the B.C. Funeral Parlors from where the funeral will take place on Monday afternoon at 2 o'clock. Rev. N. E. Smith will officiate and the remains will be laid to rest in the Ross Bay Cemetery.

The funeral of the late Ethel Charlotte Macdonell, wife of Henry Edward Macdonell, 1414 Macdonell Avenue, who passed away on Wednesday, will take place on Saturday afternoon at 2:15 o'clock, proceeding to St. John's Church, where services will be conducted by Rev. F. A. P. Chadwick at 2:30. Interment will be made in Ross Bay Cemetery. The late Mrs. Macdonell was born in London, Ontario, and had been a resident of this city for three years. She is survived by her husband, one son, John A. Macdonell of Montreal, also two brothers, Hedley V. Taylor of Winnipeg, Ontario, and Charles M. Taylor of Winnipeg.

The funeral of Mrs. Vera Matilda Sharrott, who died at the B.C. Hospital yesterday afternoon from the Sands Funeral Chapel, Rev. J. P. Westman officiating. Relatives and many friends attended the service. The casket and floral racks were covered with beautiful flowers. The hymns sung were "Abide With Me," and "The Sands of Time Are Sinking." The pallbearers were S. Carlow, G. Williams, Coverdale, W. Robinson, A. Williams and G. Lee. Interment took place in Royal Oak Burial Park.

OKANAGAN NOMINATION

Vernon, B.C., June 1.—W. P. Kennedy, M.P.P., was nominated yesterday as Conservative candidate for the Legislature of British Columbia in North Okanagan.

EIGHT TALKS TO DOCTORS

Developments in Medicine and Surgery Theme of Conventions Lectures

The programme of the annual meeting of the B.C. Medical Association to be held in this city on June 11 and 12, will include eight lectures on new developments in medicine, surgery and allied branches.

All meetings, luncheons and dinners will be held at the Empress Hotel which is the convention headquarters. Dr. H. E. Ridewood is the president of the B.C. Medical Association and has acted as chairman of the local committee on arrangements associated with Dr. M. W. Thomas, the president of the Victoria Medical Society and Dr. A. L. Miller, the vice-president of the Victoria Society and for the convention will be local secretary-treasurer. Dr. Stuart G. Kenning, secretary of the Victoria Medical Society and Dr. F. H. MacKay, captain of the Victoria Medical Society Golf Club, have also assisted in completing the local arrangements.

The ladies' committee under the co-sponsorship of Mrs. H. E. Ridewood has provided for the entertainment of the visiting ladies and several functions during the convention. These include a garden tea, golf and luncheon parties, dinner and a visit to many places of interest including a trip to the University of British Columbia. Dr. Andrew Hunter, professor of biochemistry, University of Toronto; Dr. P. A. C. Scrimgeour, V.C., department of medicine, McGill University; and Dr. F. H. MacKay, professor in neurology, department of medicine, McGill University.

The gentlemen came to British Columbia under the extra mural post-graduate scheme of the Canadian Medical Association which provides for lecturing tours, of which there will be three this year, by which specialists from the medical educational centres visit all part of Canada and bring to the local medical men the latest instruction in newer methods. In July two specialists in children's diseases, Dr. H. B. Downing of Montreal and McGill University and Dr. W. W. Campbell of Toronto will visit Victoria and address the society.

MANY PROBLEMS WERE REVIEWED

National Council Discusses False Hotel Registration

Toronto, June 1.—With a view to obtaining Dominion legislation against false hotel registration, the National Council of Women will make representations to the Dominion Government. It was indicated in a discussion of the report of the parliamentary committee on the subject of the hotel industry.

Some difference of opinion developed over the question as to what should be included in the reports of provincial committees. It was decided that such reports should deal only with work in the province.

Mrs. J. W. Bunt and Mrs. J. P. McGregory, that more than this should be included. The matter was settled by an agreement to call a meeting of all provincial presidents to discuss the subject.

As a result of an interview with the Minister of Labor in which the Council had asked that the present time be set aside to the International Labor Congress, Mrs. Rogers of Manitoba has been sent as an advisor, but not as a delegate to the congress.

The work of the committee on many problems, such as marriage laws, soldiers' pensions, women in the Senate, alimony, maternal mortality, the presence of boarding houses and tourist camps, was reviewed.

ELECTION REPORT IS BEFORE HOUSE

Commons Committee Suggests Legal Proceedings in Athabasca, Alberta

Ottawa, June 1.—Your committee is of the opinion that the cause of corrupt and illegal practices in the election held in the constituency of Athabasca in 1925 was the partnership, ignorance and incompetence of certain election officials and your committee recommends the auditor-general should submit to the Justice Department a full statement of the payments made to the aforesaid officials, with a view to instituting proceedings for the recovery of the amounts so paid to such officials if the law provides for such action.

This is the main recommendation made by the committee on privileges and elections in its report to the House of Commons in regard to the polling in the constituency of Athabasca, Alberta, in the general election of 1925. The committee also recommends that the deposit of Charles Henry Gaurreau, one of the candidates in the election, should be refunded.

"Your committee," continues the report, "is further of the opinion that the chief electoral officer should recommend to the proper authorities that prosecutions should be taken against all violators of the Dominion Elections Act."

AMENDMENT OF ACTS

Appointment of a special committee next session to pursue the evidence before this year's committee and to study the Dominion Elections Act, with a view to the suggestion of such amendments as may be advisable, also is recommended. That committee, the report recommends, should give special attention to the method of selecting returning officers and the preparation of voters' lists.

The interim and final reports of Commissioner Clarke, who made an inquiry into the Athabasca election, were submitted by the committee. Ten meetings were held and the witnesses examined were Jules Castonguay, chief electoral officer; Georges Gauthier, auditor-general; Lemuel Clerk, clerk of the Privy Council, and W. S. Edwards, Deputy Minister of Justice.

FIRE FINE

Duncan, B.C., June 1.—Charged before Magistrate Maitland Douglas yesterday with burning slash without a permit, contrary to Section 92 of the British Columbia Forest Act, John Spears was convicted and fined \$25 and costs.

WEST COAST ROAD START IS PRAISED

Real Estate Board Congratulates Government on Commencement of Highway

The Government has shown great wisdom in a start on the Jordan River-Port Renfrew section of the West Coast Road and should continue it on to Barkley Sound as early as possible," declared Alfred Carmichael, in proposing a motion of congratulation to the Government for its action on the road at a meeting of the Victoria Real Estate Board to-day.

Mr. Carmichael, who has been closely associated with conditions on the West Coast for a number of years, outlined to the members of the Real Estate Board the developments which would result from the new road.

Thirty-eight years ago, he said, he had made his first trip up the West Coast, traveling by the old steamer Maude. Comparing this vessel with the new ship which was now being built for the service, he remarked on the great strides which had taken place.

The West Coast, he declared, is an empire in itself, with its own natural resources are concerned. All the inlets, sounds and streams are surrounded with magnificent timber stands, including pulpwood, cedar and the great Douglas fir.

Referring to the San Juan valley area near Port Renfrew, Mr. Carmichael described the rich alluvial loam soil for farming and the fine timber stands, which are being worked. The owners of this timber have contributed greatly for years to the provincial exchequer, he said, with little in return in the way of roads and transportation facilities. While the road would not aid greatly in the taking out of the logs, it would be an essential asset in the reaching of these vast timber areas, he said.

A breakwater, constructed at Port Renfrew was put forward by Mr. Carmichael as a factor which was a necessary in the development of that town as an ocean port.

Instead of the timber going out in boats to Vancouver and to United States mills, it could be milled in Port Renfrew itself, keeping the work on Vancouver Island, he declared. He thought Victoria people should consider the possibility of such a breakwater, suggesting that the Chamber of Commerce back such a movement.

Mr. Carmichael went on to describe the numerous inlets and sounds further up the coast, telling of the wonderful timber resources, the fishing industry and the wonderful scenery.

"When these are accessible by road, a wonderful development will be possible," he said.

TOURIST VALUE

Mr. Carmichael stressed particularly the tourist value of the West Coast Road, stating that while rainfall was known to be heavy, the greater quantity fell in the winter and during the tourist season, the weather was mild. Bathing was most enjoyable in many of the inlets and bays, the water being warmed by the Japanese current which sweeps down the coast, and unaffected by the cold current coming through the straits.

Major H. C. Holmes, who introduced the subject, referred to the fact that tourist travel was at the present time swinging to points of historical interest. Along the West Coast, he said, there were places well-reputed for their connection with the history of this Province and of all New Canada.

Speaking on the motion of congratulation to the Government, David Leeming suggested a typical title should be given to the highway when it was completed, "West Coast Road," he said, conveyed no particular locality or individuality. Ocean Highway or some similar title was suggested.

CATHEDRAL CHOIR SINGERS TO-NIGHT AT THE ROYAL

Music in its finest form is presented by the Westminster Glee Singers, who come here under the gracious patronage of His Excellency the Governor-General and Archbishop Matheson, the Prime of all Canada. Sacred music is incidental to this selected choir. In secular music it excels. They will be heard here to-night and to-morrow night at the Royal Victoria Theatre under auspices of the Gyo Club.

One great and most attractive feature of the Westminster Singers is the highly artistic intimacy about their performance to which concert-goers have not hitherto been accustomed, and whilst their musical standard is of the very highest, they do not disdain the lighter side.

Trade Envoys To Tour Dominion

Harry A. Scott, Canadian Trade Commissioner in Liverpool, and Jean J. Guay, the commissioner in Belgium, will visit Canada this Summer with a view to posting themselves on latest industrial conditions in the Dominion. They will meet manufacturers and discuss trade possibilities in their sections.

J. Forsyth Smith, Canadian Fruit Trade Commissioner in Liverpool, sailed for Canada to-day, with the object of making a tour of the Dominion in the interests of fruitgrowers and exporters. He will remain in the Dominion until the end of September.

King Urges End Of Riots in Yugoslavia

Belgrade, June 1.—King Alexander is using his influence to hold the demonstrations in Yugoslavia against Italians and Italy in check. He has appealed to the students to cease rioting, for such actions would be almost certain to cause a rupture with Italy.

As Monday will be generally observed as the King's birthday, the regular City Council meeting slated for that evening has been postponed, to take place on Tuesday at 8 p.m. Acting Mayor P. R. Brown and Reeve William Crough, with City Solicitor H. S. Fringle and other city and municipal officials left last night for Vancouver to take part in the inter-municipal conference called by Mayor Louis D. Taylor, Vancouver.

WITNESS

Commissioner of Changes in Narcotic Charges

Vancouver, June 1.—Declaring Detective Sergeant George McLaughlin

tective Sergeant George McLaughlin had intervened twice in cases in which he was concerned, Detective Dineen said. "I was called in before the commission investigating the conduct of the Vancouver police force.

In one case, he said, Sergt. McLaughlin told him that Detective George Mitchell, who had arrested a Chinaman on a narcotic charge, that the Chinaman was a friend of Police Magistrate H. C. Shaw.

"I was in favor to Magistrate Shaw that we drop the case, the witness said. "The charge was either reduced or withdrawn."

DOOR BROKEN

In the other case, Detective Dineen said, McLaughlin approached him following a raid on Joe Celona's alleged disorderly house at 272 Union Street in which the door had been broken.

"The sergeant told me Celona had telephoned Mayor L. D. Taylor, objecting to his door being broken in without a proper search warrant," the witness said. "He said Celona was going to send us a bill for \$28 for repairs."

The witness stated two girls and three inmates had been arrested in the raid.

CHARGE SHEET STUDIED

The session was marked by numerous exchanges between G. G. McGeer, counsel for Police Commissioner T. W. Pender, and the city solicitor, representing several police officials.

At one point, when Mr. McGeer was examining a charge sheet furnished to

"My friend should get out his She

"My friend can have all the fun he likes with Sherlock Holmes," responded Mr. McGee, "but there will be no more of these schemes to deceive the public with before his clients are thorough with him."

HATS MENTIONED

Further evidence affecting Sergeant George McLaughlin was offered by Robert Peck, publisher of a periodical called "Reformation," who said he had bought hats for McLaughlin for favors in the line of leniency toward charged men as keepers of disorderly houses.

He then had trouble with McLaughlin, he said, because he refused to offer him any more of these hats as a result, he said, McLaughlin hit "jumped him" about his driver's license, but the witness had been at the

F. Calma's evidence. He knew Calma and Sergeant McLaughlin, he said. The latter had visited his house twice, but he did not recall the exact dates. Calma was present, he stated.

McLaughlin burst in roughly said, demanding that Calma, whose name he had seen outside, come out. The two men walked and wrote but he did not hear all the conversation. Calma very excited, shouted out that he had given the officer money, yet he had been told that Calma had fled away in his car, the witness said.

YESTERDAY'S EVIDENCE

At yesterday afternoon's session the inquiry responsibility for the production of a narcotic charge against Wing Ching Chinese, was placed on the witness stand by City Prosecutor W. M. McKay declared Detective Sergeant George McLaughlin recently told him the inspector had entered the charge.

possession of cocaine and morphine, and produced, showing it had been changed to a charge of smoking opium.

Wing Chin, according to evidence of the city police court stenographer, pleaded guilty to the lesser charge of smoking opium. The penalty for the first charge would have involved previously stated imprisonment, fine and deportation.

ADDRESSES GIVEN

Mr. McFee said it might have been possible to obtain a conviction against George Chow for attempted bribe when he left \$100 in an envelope to Inspector Jackman. The fact is, there was a slip of paper with money, on which were written the addresses of three gambling houses, which have influenced the court's decision he dared.

3,000-MILE TRIP BY SPANISH PLANE

Fliers Made Seville-Mexico-Tamiam Hop; World Record

Karachi, India, June 1.—The Spanish aeroplane Jesus Del Gran Poder, built

world distance flight record, came off yesterday at Nasiriyah, near Ur of the Chaldees.

Captains Ignacio Jimenez and Francisco Iglesias made a forced landing at Nasiriyah, in Mesopotamia. The plane is approximately 3,000 miles from Baghdad, from which city they started their flight on noon Tuesday.

CHANG AWAITS

(Continued from page 1)

LONDON RECEIVES NEWS: London, June 1.—A Tokyo dispatch The London Evening News to-day reliable reports from Peking Chang Tso-lin, Northern Chinese chieftain, had definitely decided to withdraw from his position as leader of the Northern Government was expected to-night.

Meanwhile the leaders were trying to form a new government and to have invited T

Chi-jui, former chief executive of the Peking Government.

and MINISTER OF WAR, and finally executive of the Chinese Republic was deposed in 1926 by Gen. Wu and last was reported at Tientsin in the Japanese concession.

CHAPTER XIV

Vee-Vee Cameron's cool green eyes and her smiling lips gave no hint of the fact that her heart was pounding with excitement. Her glance lingered for only the most fleeting instant upon the man she knew only as "Schuyler," shifted to the big, tanned, athletic-looking girl who sat at the small table for two opposite him, then swept with apparent unconcern over the occupants of the next table, as if she were sitting up her fellow guests with impersonal and casual interest. She was following the dining-room captain to her table, and her foot-steps did not falter.

"A table for one, mademoiselle?" the captain asked solicitously, as he stepped before a small table in the embrasure of a window overlooking the lake.

"Yes," Vee-Vee answered. "I am alone."

Vee-Vee's eyes raced down the long table d'hotel menu. Hunger had been completely routed by excitement, but the thrill of a pair of dark eyes looking into hers with startled, glad surprise.

"I'm not hungry," Vee murmured. "Just bring me a grilled sweetbread with mushroom sauce, new asparagus with drawn butter, toast melba, and a pot of orange pekoe tea with lemon."

"Very good, mademoiselle," the captain bowed. "You will order dessert later?"

"No dessert, thank you," Vee answered, wishing that he would go away so that she could think, or rather that she could give herself over to the ecstatic realization that her quest was at an end. She had found "Schuyler" and he had looked at her as if he had been seeking her all his life.

But who was the girl who sat at the table with him? Her greatest dread had been that she would find him only to learn that he was already married. She allowed her eyes to rove over the dining-room.

The big, tanned girl, dressed in a slightly mussed tennis frock of yellow silk that made her complexion look much worse than it was, was leaning toward "Schuyler," talking rapidly and earnestly.

As she was taking in these details jealously, fearfully, the man raised his head quickly, as if it had been jerked upward by the power of her glance upon him. Before she could wrench her eyes away "Schuyler" was smiling at her, the quick, eager smile of a person who wishes to remind you that he knows you—or at least has met you. Vee-Vee's lips betrayed her for an instant by quivering into an answering smile, then, her face flushing with confusion, she dropped her eyes to her empty plate, kept them there, as if she were intensely interested in the gaudy pattern of red and green flowers.

"I beg your pardon!" The low, rusty boots and her buddies—move over, Doc!

—By MARTIN

scowl of anger had been wiped out by something reassuring that he had said to her, and she was leaning across the table toward him. Her big, tanned face was positively radiant as she talked rapidly, making awkward, emphatic gestures with her big brown hands. Schuyler Smythe, Vee-Vee noted, was neglecting his food to concentrate his attention upon his companion, bending toward her with whimsical, tender interest in his handsome face.

"As if he were wooing her," Vee-Vee thought angrily. "When I was plain and old-fashioned, he looked right through me as if I were not there. Then after I go and spend all my savings to make myself attractive I find him paying obvious court to a girl who could, by no stretch of the imagination, be called even passably good-looking. If that isn't irony, I'd like to see a sample of it."

She had not quite finished her simple luncheon when Schuyler Smythe and his companion left the dining-room. She dropped her eyes, shyly as he turned, and glanced hopefully in her direction.

In her inexperience she had formulated no plans for making acquaintance at the hotel. She had thought it would be quite simple, that the guests would be informally cordial, practically isolated as they were from the world in a summer resort hotel. But now as she left the dining-room, with no idea of how she was going to spend the first day of her precious vacation, she wished devoutly that she had not come alone.

"Oh, pardon me, Miss—er—Cameron," a blithely cheerful voice called to her. She turned to face the woman with whom she had traveled in the hotel bus, the woman who had whispered about her to her husband and to the hotel clerk.

"Vee," Vera smiled guardedly. "My husband and I just said to him, 'John, I said, I'm going to introduce myself to Miss—er—Cameron. She looks lonely.' I said, 'The woman, about thirty-five, well-dressed and pleasantly pretty, spoke in an eager rush of words, as if she were amazed at her own daring in speaking to Vera Cameron."

"That is very kind of you," Vee-Vee said gratefully.

"Oh, I forgot to tell you my name. I'm Mrs. Bannister—Mrs. John Adams Bannister of Kew Gardens—though you might say we live in New York City, for we keep an apartment there for convenience when we don't want to go back to Kew after the theatre and times like that," she rushed on.

"Oh, John, come here, dear. I've introduced myself to Miss—er—Cameron. This is my husband, John Adams Bannister. I suppose the name is awfully familiar to you—the Bannister part, I mean. John is a first cousin of the Bannisters, though he hates me for mentioning it. John is so modest about family trees and things like that, but I'm sure you know how I feel."

"Of course!" Vee-Vee murmured dazedly. "I'm very glad to know you."

"Oh, I just had to introduce myself," Mrs. Bannister gurgled. "We're all so thrilled to have you here, even if you are traveling incognito—All right, John, don't pinch my arm! I won't say anything more. Everyone is just dying to meet you, Miss Cameron. John and I were talking to that marvelous man—Schuyler Smythe, his name is—right after he came out of the dining-room and he warned us that you don't want—oh, all right, John! Anyway, Mr. Smythe and Miss Foedick—my dear, I have a strong suspicion that they are engaged!—want you to join them—and us—for swimming this afternoon. Then we'll all drive down to Snyder's for tea Sunday is a horrid day, but I'm sure we'll have loads of fun."

Mrs. Bannister's eager voice ran on, but Vee-Vee was not listening. Schuyler Smythe and Miss Foedick, she believed that she had deliberately "cut" him and he had flushed with pardonable resentment at her refusal to acknowledge his acquaintance.

"I've probably frightened him away with what he thinks is my rudeness," Vee-Vee groaned to herself. "But—who in the world am I? I must be an exact double for someone who is awfully well known—a person who gets her pictures in the colored supplements of the newspapers, who winters in Palm Beach."

Her puzzled thoughts were broken into as she cast another glance at Schuyler Smythe and his companion. It was quite evident that the girl was in love with him. She had the frank, open face of a girl who has never learned to conceal her emotions. Her

some Four o'clock flowers, some Lady Slippers—and some Violets. For those were the three old-fashioned blossoms he gathered and made their names into a puzzle.

"Well, that was a cute little adventure," said Uncle Wiggily, telling his wife and the four little bunnies about it at supper that evening. "Very cute!"

"Do you think you'll have another adventure to-morrow, Uncle Wig?" asked Baby Bunny, who was a cute little orphan rabbit, numbered forty twelve.

"Oh, I guess so," answered Mr. Longears, sort of hopeful like.

"An' will 'oo take me wif 'oo?" lisped Baby Bunny.

"Not if you're going to talk baby fashion," said Mr. Longears.

"Oh, I won't! Really I won't! I promise you," said Baby Bunny quickly. She could talk properly when she wanted to.

"I wish you wouldn't go adventuring to-morrow, Daddycums," said Custer, while his brother Buster was trying to break a hole in the rubber ball to see what made it squeak.

"Why don't you want me to go adventuring to-morrow?" asked Uncle Wiggily.

"Cause we're going to play games after school," said Jingle.

"And we'd like to have you play with us," added Jangle.

"What kind of games?" Uncle Wiggily wanted to know.

"Oh, Tag, and Cops and Robbers and Hide-and-Go-Seek and all games like that," said Custer.

"I like games," chuckled the rabbit gentleman. "So to-morrow, after I go

adventuring, I'll be waiting when you come from school, and I'll play three games with you."

"Oh, goodie!" cried the little bunnies, clapping their paws.

That day, while the children were saying their lessons to the Lady-Mouse Teacher in the Hollow Stump School, Uncle Wiggily hopped off and had an adventure, all by himself. But it wasn't so much. He just helped a little red ant lady sail over the brook on a leaf boat, which he made for her. She was very thankful, for she didn't like to get her feet wet, especially as she had six. And six wet legs are more than two.

So when Uncle Wiggily reached his hollow stump bungalow, after this little adventure, he found all the forty-seven little bunnies waiting for him—or forty twelve if you count Bunny, and she really ought to be counted.

"Now for some games!" cried Tingle and Tangle.

"But you must let me pick the games I want to play," said Uncle Wiggily. "I'll name them—here they are."

With a piece of chalk Uncle Wiggily drew the pictures on a flat stone near the path.

"Now you children must guess, from those puzzle pictures, the names of the games I want to play," said Mr. Longears. And as the bunnies were trying to guess, they heard a loud noise back of the bungalow. And if the mouse trap doesn't catch the pussy cat washing its face in talcum powder, I'll tell you next about Uncle Wiggily and the jolly bugs.

July 12, at "Shore Acres," by the kindness of Mrs. Hesth.

The entire proceeds will go toward the proposed new building for the Guides, Brownies, Scouts and Cubs. There are 14 Guides, 14 Brownies, 8 Scouts and 10 Cubs in training and as soon as a hall can be secured the Guides and Brownies will be taught basketry, waxwork, fancywork, sewing, knitting, rug hooking and other useful arts.

Miss Gwynne has consented to take charge of the tennis tournament.

BEDTIME STORY
Uncle Wiggily Plays a Game
 Copyright, 1928, by McClure Newspaper Syndicate
 By HOWARD R. GARIS

"Come on, now, Mr. Skilful Scallery Alligator with the double-jointed tail!" cried Uncle Wiggily to the Bad Chap who had crawled out of the brook to catch the rabbit. "Can you guess my puzzle and tell me the names of three old-fashioned flowers I have gathered?"

"Yes, I can!" gargled the "Gator." "And don't forget that they are my flowers you have picked, and I'm going to nibble you for it."

"And Oh! Wasn't that 'Gator bad? For they weren't his flowers at all!" "Go on! Guess my puzzle!" Uncle Wiggily said.

"One flower is buttercup," said the "Gator, slowly.

"Wrong!" shouted Uncle Wiggily. "Now you can't have any nibbles off my ears!" and he ran away with his blossoms before the Bad Chap quite knew what was happening.

"Just my luck!" snarled the "Gator as he splashed back into the brook. While Uncle Wiggily, hopping safely home to his bungalow, gave his wife

Puffed Rice adds goodness to candy

YOUR home-made candy garnished with Quaker Puffed Rice . . . a nutmeat flavour that adds the touch of goodness you most desire . . . a combination of deliciousness that lingers. Better than nuts in confectioners. The most "choosy" appetites relish it. Light, crunchy morsels, that intrigue. The flavour is different.

Quaker Puffed Rice is the rice grain, steam puffed to eight times normal size, and exploded . . . thoroughly cooked and oven-crisped. Serve direct from the package, or warm if you wish.

Quaker Puffed Wheat, too

Whole wheat grains, puffed to eight times normal size and exploded. A flavour of toasted nutmeats. Light and easily digested.

A VETERAN

"Do you think that Doris is fitted for the battle of life?"

"Well, she ought to be, she's been in four engagements already."

THE SUBJECT THEREOF

Miriam—I saw Mabel yesterday and we had a long confidential chat.

Myrtle—I thought so. She wouldn't speak to me to-day.

destroy that copper-plated taste.

Your mouth will never become "tobacco tired" if you'll MILTONIZE . . . rinse out your mouth and throat now and then with a little Milton in water . . . clean your false teeth with it. Milton freshens up your mouth wonderfully, sweetens your breath, keeps your teeth and gums healthy.

Because it instantly kills every germ it touches, Milton protects you perfectly against sicknesses . . . Colds, Sore Throats, Influenza, Halitosis (bad breath) and that nasty thing Pyorrhea which leaves such evil after-effects. Milton will arrest and prevent Pyorrhea . . . this has been conclusively proved by the highest medical and dental authorities, whose report you may have for the asking.

Moreover, Milton is entirely safe . . . won't burn, poison or stain you . . . marvelous because of its many uses . . . (as a spray, for instance, it cleanses a room of tobacco fumes, at once) economical, reliable, inexpensive . . . 35c, 65c or \$1 at your druggist's . . . Milton is a household word in Great Britain. And your first bottle will tell you why. Read the booklet packed with it. You'll agree that Milton is in a class by itself, then.

MILTON THE MARVELOUS MOUTH WASH

Book of Knowledge

Sketches by Bessy.
Synopsis by Braucher.

ON LAND AND SEA

Not only from wells dug deep into the earth is oil taken, but from the sea. Here are pictured some of the derricks that have been built in the Pacific ocean near California. Rich oil supplies lie under the floor of the sea and hundreds of borings have been made along the Pacific coast to tap these sources.

By NEA, Through Special Permission of the Publishers of The Book of Knowledge, Copyright, 1923-26.

These oil pipe lines run for miles in Persia, where the pipes serve as an auxiliary adjunct in oil transportation.

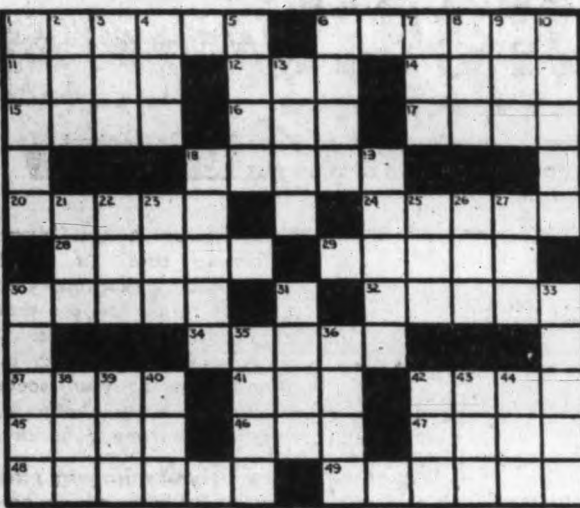

Here is a remarkable sketch of an oil gusher at Baku on the Caspian sea. Much oil has been wasted here by crude methods.

It is easier to bore wells on land than on sea. This cluster of derricks is part of the Goose Creek field in Texas and illustrates how the search for oil is concentrated when a strike is made. The derricks shown here are of the newest type and contain the most modern machinery.

Solution of Yesterday's Puzzle

To-morrow's Horoscope

SATURDAY, JUNE 2, 1928

Although there is a strong benefit aspect to-day astrologers find that sinister influences are strong.

Women may be exceedingly difficult to please while this configuration prevails and for this reason they should not be antagonized by members of their family who value peace, the seers warn.

This is read as an inauspicious rule for weddings since brides may be capricious and fault-finding.

The way is not a promising one for

places of amusement and rather a disappointing time may be expected from the box office point of view.

There is a good sign for the radio and for all mediums for the transmission of news.

Under this direction of the stars there may be strong inclination to argue and even to quarrel.

The planetary government is not favorable to domestic serenity, for the influences tend to emphasize individuality.

Mall robberies as well as burglary and petty thieving may be expected to increase in the next month, it is foretold.

The seers predict surprising results from the national campaigns of this month.

Persons whose birthdate it is have the augury of romance, mystery and change for the coming year. Courtship may be unlovely.

Children born on this day may have a great talent for expression through the voice. Many actors are born under this sign.

EFFECTIVE THURSDAY MORNING, MAY 31
Hillside and Burnside Cars

Will leave the city by way of Yates and Government Streets. Passengers from the city for Hillside or Burnside should board cars at the corner of Yates and Douglas—at the Bank of Montreal. The Mount Toimie and Foul Bay cars will run through to Burnside and Hillside as heretofore, with the slight change in route noted above. Gorge and Esquimalt cars will remain unchanged.

B.C. ELECTRIC
TRAFFIC DEPARTMENT

GRAVEL TAX PROTESTED

Revenue Department's Demand For Statement Finds Oak Bay Opposed

In line with other municipalities of British Columbia the Oak Bay Council decided last night to protest payment of sales tax on sand and gravel used in road construction in this municipality.

The council was informed by F. W. Davey, collector of national revenue, that the department wished a statement on whether the crushed stone, sand or gravel used was produced from quarries and pits owned and controlled by the municipality.

The question of this sales tax has already been brought before the Union of British Columbia Municipalities by the City of Trail, which has also communicated with Oak Bay and other municipalities registering a protest against the charge.

Langford

Langford, May 31.—At the Women's Institute meeting held Tuesday afternoon the members decided to send flowers and a letter of sympathy to William M. Sharcott on the death of his wife, a former Langford Institute member. Mrs. W. M. Sharcott (nee Vera Matilda Carlow) was very well known and respected in the district having lived here as a girl eighteen years ago when, being left motherless, she looked after her brothers and younger sisters. Since her marriage to Mr. Sharcott they resided on the Dunford Road until recently when they removed to Duncan where Mrs. Carlow died on Monday in the King's Daughters Hospital. She leaves to mourn her loss, besides her husband, two little children; also her father, W. W. Carlow, of Sooke, and several brothers and sisters. The funeral took place at 2 p.m. at the Sandis Funeral Chapel on Thursday. Interment was made in the Royal Oak Burial Park.

The May meeting of the Langford Women's Institute members was held on Tuesday afternoon, with the president, Mrs. F. L. Brown, in the chair. The members welcomed Mrs. F. S. MacLachlan, superintendent of institutes; Mrs. J. O. Gordon, the Provincial president; and Mrs. Whitman. Mrs. E. H. Phipps, secretary, was appointed receiver for the Institute of League of Nations literature. The correspondence read included a letter and school health reports from Dr. H. E. Young, which he hoped the members would carefully study. At the next meeting Mrs. H. G. Kelly will include the health roll call in her programme for the afternoon. The secretary reported that the insurance of the hall had been paid for three years.

After discussion the members decided not to hold regular meetings in the months of July and August, but a picnic was tentatively planned. The agricultural convener, Mrs. L. M. A. Savory, invited the co-operation of all the members to a social afternoon, particularly for children, to be held on Monday, June 4, at her home. The institute delegates at the recent Islands conference gave a report of the proceedings.

Tea was served by Mrs. D. B. F. Bullen and Mrs. E. H. Phipps.

Mr. K. Norman Malcolm, from Anacortes, spent the week-end with his parents, Mr. and Mrs. D. Malcolm, of Westvale, Langford Lake.

A special birthday dance in honor of King George V. will be held at Langford Lakeside on Monday, June 4, at 9 p.m.

The usual Saturday dance will be held on June 2, with Ozard's orchestra in attendance at 9 p.m.

A splendid game of softball was seen by many enthusiastic fans on Tuesday evening, when the Marigold nine played the Langford team on the Goldstream Road diamond. The local players had a small lead throughout the game, the result being Langford twelve runs to Marigold's eleven runs, both teams being in the Westholme League.

Lorne Rodgers refereed, and the teams were: Langford—Laird, Saxton, Brain, E. La. Guevara, Nicol, G. Newham, C. Wilkinson, Atkinson and F. Newham. Marigold—Osman, Roach, Hunter, Pritchard, Pascoe, Brown, McPhee and Thomas.

A general meeting of the Prince Edward Branch, No. 91, of the Canadian Legion, will be held at 8:30 p.m. in their clubrooms, Goldstream Road, on Monday, June 4. All members are requested to be present as some special business will be transacted—by-laws, etc., which will have a bearing on every member.

A special meeting of the executive and ways and means committee of the Prince Edward Branch, No. 91, of the Canadian Legion, was held at the home of Comrade George Cooney on Monday night, at which it was decided to hold a flannel dance on Wednesday, June 6, at Langford Lakeside.

Colwood

Colwood, May 31.—On June 6, in Colwood Hall, there will be a sale of home-cooking, candy and hand-made articles by the members of the Senior Women's Auxiliary to St. John's Church. Afternoon tea will be served. The sale will open at 3 p.m.

The Junior W. A. to St. John's Church met at the home of Mrs. John Goodall on Tuesday afternoon. Plans were made for a sale of work, articles being distributed to the members.

WANTS OAK BAY PARK IMPROVED

Councillor Money Will Make Motion of By-law at First Council Meeting in July

Giving notice of motion for the first meeting of the council in July, Councillor C. F. L. Money raised the Oak Bay Park improvement question at last night's meeting of the Oak Bay Council.

"This park is a present an eyesore—a weed garden and a disgrace," said Councillor Money, introducing the subject. For the sum of about \$20,000 it could be laid out and fully equipped for all manner of sports as well as providing a recreational spot for older people on the municipality.

"As years go by, the municipality will find greater interest will be taken in the park and the expenditure will be fully repaid in the appreciation of the taxpayers," he declared. If a by-law were submitted to the voters at the present time, he thought it would carry.

NO FACILITIES

"There are a large number of young people in the municipality who have left school and, being unable to use school grounds, lack sufficient facilities for sports without going into the city," Councillor Money said. He thought action was needed in the near future.

Councillor W. H. Mearns could not see Councillor Money's attitude on this point. Councillor Money had during the evening made a motion opposing a vote of \$25 to the Oak Bay Athletic Association, and yet he wished to spend \$20,000 on athletic improvement, he said. It was not consistent, he declared.

WOULD HOLD IT OVER

Councillor A. D. Cressie declared himself in favor of the plan if provision were made in the proposed park for entertainment of the old and the very young. Are we ready to ask the ratepayers to vote this money? he asked, however. There were several schemes before the council at present which required expenditure, and he suggested the matter be laid on the table for a time.

Councillor Mearns suggested a committee be formed to inquire into the various plans for improvement of the park and to decide upon the most feasible one.

The expenditure of \$22,000 for this park had been previously defeated at the polls, it was explained. Councillor Money then gave notice of motion for the first meeting of the council in July, when he will ask for a by-law on the matter.

Would Abolish Ten Commandments

Bible Tabernacle Lecturer Scores Spiritual Anarchists

"Anarchists want all law abolished because there are so many law breakers, but there are a lot of spiritual anarchists who want to abolish the ten commandments because there are so many people who do not keep them. The fault is not with the ten commandments, it is with the people," declared Professor C. T. Everson last night in his lecture on the Ten Commandments.

The old covenant was formed between God and the Jews with the ten commandments as the basis of agreement," he said. "God gave the perfect law, the ten commandments. The Jews promised to keep those same ten commandments and as a reward were to be God's special people. The Jews broke their end of the bargain when they failed to keep the commandments. God was all right and ready to do His part. The commandments were perfect, no fault could be found with them, but in Hebrews viii 8 Paul said that the old covenants weakness was with the Jews.

To-night Professor Everson will speak on "If a Man is Led Away By a False Teacher, Will God Hold the Teacher Responsible and Let the One Deceived Go Free?"

"Orange Pekoe" is only the name given to a size of leaf—Some good, many poor, Orange Pekoes are sold—The most economical and yet the finest flavoured is "SALADA" Orange Pekoe—Sealed in metal—pure—fresh—delicious—43c per 1-lb.

NEXT CASE

Magistrate—Then you deny that you were rude to the policeman when he asked to see your license? Motorist—Certainly, sir, all I said was that from what I could see of him, I was sure his wife would be happier as a widow.

For the sake of your hands alone—use Sunlight Soap

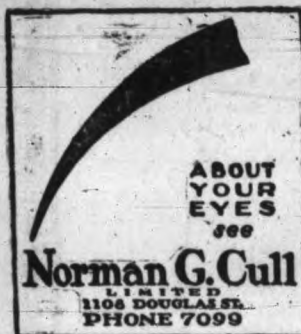

Put aside for a moment if you will, your thoughts of Sunlight's many general advantages . . .

Think only of your own precious hands and remember that Sunlight will save them from that coarsened, wash-day appearance.

Even if you use Sunlight Soap for no other reason than this—it will prove itself a boon.

The \$5,000 Guarantee of Purity means that Sunlight is entirely free from harsh chemicals and adulterants. Purposely made to dissolve freely into soapy suds that safely do all the household cleansing.
